

## Faubus Elected Head of South's Governors

HOLLYWOOD, Fla. (AP)—Gov. Orval E. Faubus of Arkansas, one-time symbol of defiance to federal court integration orders, was elected chairman of the Southern Governors' Conference today.

He succeeded Gov. Buford Ellington of Tennessee. In a final business session, the conference adopted a resolution urging that the states take joint action to strengthen constitutional guarantees of state rights to halt a trend toward increased concentration of powers in the federal government.

Faubus, recently renominated to an unprecedented fifth term in Arkansas, moderated in his expression on racial integration in recent years.

In accepting the office, Faubus pledged he would continue a conference policy of "maintaining unity of purpose of the conference and not allowing it to become a political forum."

"By doing this, we can prevent any warfare over any divergent views," he said.

Gov. Bert Combs of Kentucky, who had been mentioned as a candidate for the moderates for the chairmanship, sent word before leaving for home early today that he was not seeking the office and would not serve if elected. Combs was named vice chairman.

One Southern governor said privately, "We were not choosing a spokesman for the southern governors. We were just electing a chairman."

The vote for Faubus was unanimous. Gov. John Patterson of Alabama announced that Gov. Ross Barnett of Mississippi, who had been kept at home by the continuing integration crisis at Oxford, telephoned him last night and advised that he would like to vote for Faubus.

"In their states rights resolution the southern governors said they were hopeful of success for a move started by the National League."

## Dalton W. Stone, Formerly of McCaskill, Dies

Dalton W. Stone, aged 38, native of McCaskill, died Tuesday at his home at Benton, Ark. He has lived at Benton the last six years and was owner and operator of a Service Station there. He attended the First Nazarene church.

The survivors include the wife, Mrs. Helen Jean Stone of Benton, two sons Gary Winston, Stanley David both of Benton, two daughters, Judy Charlotte Stone and Karen Kay Stone of Benton.

His parents, Mr. and Mrs. Oscar Stone of McCaskill, six brothers, Coy, Texarkana, Austin, J. D. both of McCaskill, Imont and Sherman of Benton, Quinton of Houston, Texas and a sister, Mrs. Pauline Tyner of Hope. Funeral will be at 3 p. m. Thursday at the Friendship Church near McCaskill by the Rev. Richard Lewis.

Burial will be in the Friendship Cemetery by Latimer Funeral Service of Nashville.

## Horse Hits Car, Leg Is Broken

About 8:30 last night a stray horse ran into an auto driven by Delmar Wright on North Hervey Street. The horse sustained a broken leg and had to be destroyed. City Police said the animal belonged to Tom Goodwin and B. Meuser. The car was not seriously damaged.

## Weather

Total 1962 precipitation through September, 38.13 inches; during the same period a year ago 45.44 inches.

Experiment Station report for 24-hours ending at 8 a.m. Thursday, High 77, Low 50.

Arkansas Regional Forecast by THE ASSOCIATED PRESS Central Arkansas: Clear to partly cloudy and a little warmer this afternoon, tonight and Friday. Clear to partly cloudy and mild Saturday. High temperature this afternoon upper 70s to low 80s. Lowest tonight low to mid 50s. Highest Friday 80-85.

Northwest and Northeast Arkansas: Clear to partly cloudy and a little warmer through Friday. Highest this afternoon 75-82. Low tonight 52-55. High Friday 78-82. Partly cloudy and mild Saturday.

Southeast and Southwest Arkansas: Continued on Page Two

## Slavs, Reds Renew Friendship Pact

BELGRADE, Yugoslavia (AP)—The Soviet Union and Yugoslavia today proclaimed their "friendly relations and all-round cooperation" and called for peaceful coexistence in the world.

Soviet President Leonid I. Brezhnev, concluding a 10-day goodwill visit, and President Tito issued a joint communique stressing their broad agreement in the international field.

But they also made clear that Yugoslavia does not fully support the Soviet Union in the signing of a separate peace treaty with Communist East Germany.

The communique did not mention the possibility of a separate peace treaty — which has been threatened repeatedly by Soviet Premier Khrushchev unless the West bows to Soviet demands to make West Berlin a "free" city.

## U.S. Clamping Down on Ships Visiting Cuba

WASHINGTON (AP)—President Kennedy has decided to clamp down where possible on shipping engaged in trade between Cuba and Soviet bloc countries. An announcement is expected within a day or so.

The move, which has been under study for some time, would be the first action by the United States following Wednesday night's unanimous inter-American foreign ministers' condemnation of the Soviet-supported Fidel Castro regime in Cuba.

Secretary of State Dean Rusk and 19 Latin-American foreign ministers agreed unanimously that "the Sino-Soviet intervention in Cuba" constitutes "an attempt to convert the island into an armed base for Communist penetration of the Americas." They called on all countries to consider urgent measures to deny goods and shipping to Cuba and to build up new security measures against the danger of Communist aggression.

Rusk told the Latin-American ministers—and the State Department sent word to North Atlantic Treaty Organization allies—that the United States is planning to take immediately the following steps to prohibit or discourage shipping to Cuba:

1. Close United States ports to all shipping of countries which have any vessels whatever engaged in carrying arms to Cuba. So far as U. S. officials know this would apply only to the Soviet Union, since only its vessels are now carrying arms to Cuba. Soviet ships rarely if ever call at U.S. ports.

2. Deny any U.S. government ships to Cuba.

## Jones Brings Candidacy Here Oct. 9

The itinerary of Dr. Kenneth Jones, candidate for senator, has been announced by Haskell Jones, Hempstead county Republican campaign manager.

October 9th—10:00 a. m. Arrive at Hope airport

10:30 Coffee at the Hope Country Club

11:45 Kiwanis Club luncheon

1:15 p. m. Tour of stores and downtown area

3:30 Meet factory employees at exits of four of Hope's largest industries

7 Public rally on Hope City Hall lawn (indoors if weather is bad)

October 10—8:00 a. m. Breakfast (tentative)

9:30 Appearance at Fulton

10:00 Appearance at Saragola

10:20 Appearance at Columbus

10:30 Appearance at Washington

11:00 Depart for airport at El Dorado

Little Chance for Adjournment

WASHINGTON (AP)—Sen. Mike Mansfield, D-Mont., told newsmen today he felt there was only a 50-50 chance Congress adjournment could come this week.

Sen. Richard B. Russell, D-Ga., introduced an element of delay by a parliamentary maneuver on the \$400-million supplemental appropriations bill, last of the session, when it arrived in the Senate from the House where it passed Wednesday.

He objected to second reading which had the effect of delaying the bill for a day.

IN ORBIT — Astronaut Wally Schirra looks quizzically at friends out of the picture as a suit technician slips him into his friendly space suit in Cape Canaveral, Fla. Schirra later rode a successfully fired Atlas-Mercury rocket into space on a scheduled six-orbit mission of the earth aboard Sigma VII.

## Wreckage of Plane Gives Up 4 Bodies

JACKSONVILLE, Fla. (AP)—The Navy said today that wreckage of a civilian plane pulled from the Atlantic Ocean off Jacksonville was from a General Electric Co. craft with four persons aboard overdue in Daytona Beach, Fla.

The Navy in a statement said that salvage crews and technicians found enough pieces of the missing plane to establish beyond a doubt the make and registration.

Although the Navy did not say so, there may have been a collision between a Navy jet and the civilian craft.

A Navy pilot was killed in the same general area off Ponte Vedra Beach Tuesday. His jet fighter plane plunged into the ocean. The pilot was Lt. (j.g.) E. E. Paulk of Columbia, Ala.

Navy salvage crews trying to find the wreckage of the fighter began turning up pieces of the civilian craft Wednesday. At the time, there were no reports of another plane being missing off Ponte Vedra Beach.

The names of the occupants of the twin-engine civilian plane were withheld pending notification of next of kin, the Navy said.

## U.S. Stepping Into National Dock Strike

WASHINGTON (AP)—President Kennedy today ordered the government to take court action to stop the strike of longshoremen that has tied up shipping in Atlantic and Gulf Coast ports.

Kennedy acted after receiving a report from the three-man board he appointed Monday to investigate the walkout. Naming of such a board is the first step under the Taft-Hartley law to halt major industrial work stoppages.

Kennedy's action cleared the way for the government to seek an end to the strike for an 80-day cooling off period.

Twice before Kennedy has invoked the Taft-Hartley law to end shipping strikes on the East and West coasts.

With today's order, he instructed Atty. Gen. Robert F. Kennedy to petition any federal court with jurisdiction in the far flung strike area to put the longshoremen back on their jobs.

## R. S. Bobo, 84, of Spring Hill, Dies Thursday

Robert S. Bobo, aged 84, a lifelong resident of the Spring Hill area died Thursday in a Little Rock hospital.

Survivors include five sons, Ernest, Hugh, Red and Coy Bobo, all of Hope; Fay Bobo of Houston, Tex.; two daughters, Mrs. Sadie Curtis of Chicago, Ill., Mrs. Hazel Moody of Waskam, Texas; two brothers, Brent and John Bobo of Hope; two sisters, Mrs. Bob Bish of Hope and Mrs. Bessie Harvey of Bogalusa, La.

The body will be returned to Hope for burial. Herndon-Cornelius will announce the arrangements.

The main building was of wood and stucco construction. It was built in 1962.

Hundreds of carloads of canned vegetables ready to ship were ruined.

McKinney said there was no explosion. No one was at the plant when the fire broke out.

Two firemen were slightly injured. One suffered a cut on his hand and a nail pierced the foot of another.

The main building had an area of 79,000 square feet.

## Gunman Kills Four in Los Angeles Hotel

LOS ANGELES (AP)—A blaring radio, a complaint, a beating and fusillade of gunfire left four dead today in a West Los Angeles hotel.

Police at first theorized that a berserk gunman caused the carnage and fled. Later, they theorized that one of the four victims fired the shots.

Six hours after the midnight fracas police came up with these tentative identifications:

Sheridan Sherman Burch, Sr., 62, Cal G. Britton, and Edward P. Clark, about 60, all occupants of separate rooms on the same floor of the Cotner Hall Hotel; Lucy Hannon, the manager.

Daniel Haro, 31, nurseryman and apparently a bystander, was hospitalized with bullet wounds in the right arm and back.

Police said officers received a telephone call complaining of a loud radio at the small two-story hotel.

The desk sergeant suggested the complainant see the manager, and offered to send a patrol car by.

"No, I'll take care of it myself," was the reply of the unidentified caller.

Burch, for reasons not immediately learned, apparently did some or all of the shooting, perhaps after a fist fight with Clark, police said.

Clark was fatally slugged, apparently with a pistol butt, but not shot.

## Fire Guts Plant at Siloam Spgs.

SILLOAM SPRINGS, Ark. (AP)—Fire destroyed the Allen Canning Co. seven miles northeast of Siloam Springs today, and owner DeWalt Allen estimated the loss at more than \$800,000.

Fire Chief Harley McKinney said the fire started in the plant's boiler room about 1 a.m. and flames awakened Allen, who lives two blocks away.

By the time fire trucks from Siloam Springs, John Brown University, Fayetteville, Springdale, Bentonville and Cave Springs arrived, the fire was out of control.

The main building was a total loss and a new addition built last year was partially damaged. Two warehouses were damaged and about 90,000 pounds of sweet potatoes processed Wednesday were ruined.

The plant is one of the area's largest industries. It employs 100. Allen said it would be rebuilt immediately.

The main building was of wood and stucco construction. It was built in 1962.

Hundreds of carloads of canned vegetables ready to ship were ruined.

McKinney said there was no explosion. No one was at the plant when the fire broke out.

Two firemen were slightly injured. One suffered a cut on his hand and a nail pierced the foot of another.

The main building had an area of 79,000 square feet.

## Space Landing Perfect as World Sees

By RALPH DIGHTON  
APOARD U.S.S. KEARSARGE IN PACIFIC (AP)—Astronaut Walter M. Schirra Jr. turned in early Wednesday night, his ears ringing with praise for his spectacularly precise six-orbit world flight earlier in the day.

Schirra's scorched capsule parachuted into the Pacific at 10:28 a.m. Midway time—4:28 p.m. EST—in full view of hundreds of crewmen packed across the bow of this flat-top's flight deck.

So precise was the navigation by both Schirra and the recovery force that the Sigma 7 spacecraft came down in a calm sea only a few thousand yards ahead of the Kearsarge.

Unharmful and in his own words "happy as a lark," Schirra decided to remain in his spacecraft until it was hoisted aboard almost an hour after splashing into the Pacific 285 miles northeast of Midway Island.

After a 24-hour medical examination, two doctors reported Schirra apparently suffered no ill effects.

A space agency physician, Dr. Richard Pollard of Houston, Tex., said the astronaut "experienced no difficulty at all — all bodily functions were the same as if under the conditions of gravity."

Pollard said Schirra ate very little—two containers of fruit and some liquids, but no chunks of solid food.

"When you're having that much fun you just don't get hungry," Pollard quoted Schirra.

A Navy doctor, Lt. Cmdr. Max Traummer of Springfield, Pa., told a news conference Schirra lost more than that playing a game of football.

Pollard said Schirra ate a hearty dinner before going to bed: two minute steaks, grapefruit salad, mixed vegetables, ice tea and a strawberry sundae.

While Schirra slept, the Kearsarge steamed toward Midway. About dawn the Sigma 7 spacecraft was to be placed on a tug to be taken to the island for transfer to a cargo plane for delivery to Cape Canaveral.

The Kearsarge will head back to Pearl Harbor, where it is due Saturday.

## Sardis Baptists Plan Benefit

The Sardis Baptist Church will begin a youth revival Sunday, October 7-13 with the Rev. Kenneth Bobo as the evangelist and the Rev. James H. Marcum, pastor, will assist. Services will be held at 7:30 p. m. nightly.

## Former Hope Man Dies in Denver

Smead Talley, a former resident of Hope, died October 3, in Denver, Colo. The body will be returned here for burial. Arrangements will be announced by Herndon-Cornelius.

## All Around Town

By The Star Staff

George W. Fore, machinist's fireman apprentice, USN, son of Mr. and Mrs. George Fore of the Rosston road, Prescott, served aboard the U. S. S. Radford, a unit of the recovery force which the U. S. Navy and Marine Corps assigned to the Pacific area to pick up the third manned orbital flight into space.

Larry Garner, son of Mr. and Mrs. Howard Garner of Spring Hill, was one of five Southern State College students attending the Business Symposium sponsored by the National Chamber of Commerce in Little Rock earlier this week. He is a senior psychology major, has been a member of the Student Senate, served as president of Graham Hall, men's dormitory, and is president of the College student body.

Gerald Andrew Taylor, son of Mr. and Mrs. Rufus Matthew Taylor of Hope Rt. 1, enlisted in the U. S. Navy Oct. 2 through the recruiting station at Texarkana. After completing his enlistment at Little Rock he was sent to the U. S. Naval Training Center, Great Lakes, Ill., for nine weeks of recruit training. He attended Hope High School, graduating in 1960. He enlisted under the Navy's High School Graduate Training program thought about a migration.

Mrs. E. F. Formby, national committeewoman for the American Legion Auxiliary, leaves Friday via plane for Las Vegas, Nev., to attend the National Legion and Auxiliary convention October 7-11. B. C. Hollis left Wednesday for the Las Vegas convention and another local Legionnaire, Forrest Downs, departed Thursday.

Last week-end Circuit Judge Lyle Brown, Chancellor Wesley Howard of Texarkana, and Chancellor-Elect Royce Weisenberger attended the Judicial Conference at the University of Arkansas Law School. Chancellor Robert Launius of Bearden was elected president. Judge Brown was named vice-president and Mr. Weisenberger was named to the executive committee.

Dr. Herbert Rogers calls attention to the apparent mass migration of monarch butterflies from their southward flight. We had noticed an unusual number of butterflies lately but hadn't thought about a migration.

The extremely elliptical course was elected to enable the satellite to monitor high-energy particles over a wide area covering the earth's magnetic field, the Van Allen radiation belt and a section of interplanetary space above the belt.

Laneburg Clubs Plan Benefit

The Laneburg FFA and the FFA will sponsor a "Rounders" basketball game October 9 at 7:30 p. m. in the school gymnasium. Admission will be 15 and 35 cents. There will be a second benefit program following this game.

Dr. Norman Vincent Peale, pastor of the Marble Collegiate Church in New York City was to make the main address this afternoon in a large tent set up on the Tyroneza High School campus.

The morning session was devoted to a medical education symposium. Dr. Louis A. Krause, professor of medicine at the University of Maryland, told the doctors and religious leaders that "there must be an understanding between the doctor and his patient about the tradition of faith the patient holds."

"If the doctor does not understand the precepts that the patient follows in his spiritual life, he may miss the inner conflict that may be going on in the patient's attempt to square his belief with the reality of the world," he said.

Tyroneza is a cotton and soybean farming community 28 miles northwest of West Memphis.

The festival is sponsored by the First Councilor District of the Arkansas Medical Society.

In the afternoon session, Gov. Orval E. Faubus, Sen. John McClellan, D-Ark., and Don W. Russell of Little Rock were to be honored for their roles in transforming the Army Navy Hospital at Hot Springs to the Hot Springs Rehabilitation Center.

Russell is director of the Arkansas Vocational Rehabilitation Service.

Apartments Are Not Plentiful

MOSCOW (AP)—The official Soviet News Agency Tass said today it will be six or seven more years before every Soviet family can have its own apartment.

Most Soviet families still live in single rooms, sharing kitchens and baths with other families. In a review of the housing situation, Tass said 7,700 apartments are being completed every day in the Soviet Union.

## 6-Orbit Flight Opens Way for New Ventures

By JOHN BARBOR  
Associated Press Science Writer  
CAPE CANAVERAL, Fla. (AP)—Buttressed by Walter M. Schirra Jr.'s space success, the United States expects:

To send at least one, maybe more, one-day space missions up early next year.

To send two men into orbit in a maneuverable spacecraft by late next year.

To beat the Soviet Union to the moon in this decade, by these careful, sometimes plodding steps into space.

All of this was reaffirmed on the eve of this fifth anniversary of the Soviet Union's pioneering space triumph—a 184-pound globe called Sputnik I, hurled into space in 1957.

Walter C. Williams, Project Mercury operations director, stepped out of the Mercury control center less than an hour after Schirra was plucked from the Pacific Ocean landing area after his six-orbit, nine-hour space trip.

He told newsmen that the United States expects to send a Project Mercury spacecraft on a 24-hour, 17-orbit flight early in 1963. One of these special 24 hour spacecraft is now being tested in the dust-free white room in Hangar S where Schirra spent the night before his space adventure.

Williams said that three of those spacecraft are being prepared as are three Atlas boosters to put them into orbit, but he would not say how many of these day-long flights will be made.

National Aeronautics and Space Administration officials had promised that if Schirra's flight was a success, they would move immediately to day-long missions.

Schirra's flight was the smoothest in the memory of most of the observers who watched him blast off Wednesday morning and listened to the progress of his flight.

Williams said the flight was perfect.

After the day-long missions, Williams said, the program will not end, but simply will move into the Gemini two-man spacecraft program.

In this development, the United States expects to emerge with a maneuverable spaceship, one in which astronauts, tethered, can step out of it and into space, and a spaceship which can rendezvous and dock with other space vehicles.

From there, the United States will move into the Apollo program, with its three-man spaceship that could land two men on the moon, perhaps by 1967.

## World Communion Day Observance

World Wide Communion Day will be observed at the Presbyterian Church Sunday morning at 10:55. World Wide Communion was first celebrated about thirty years ago by one Presbyterian demonstration. Within a few years it was being celebrated by more than thirty denominations. Chaplains in the Armed Services observed the day during World War II.

## Explorer in Looping Orbit Over Earth

CAPE CANAVERAL, Fla. (AP)—An Explorer satellite sped in a looping orbit of the earth today to measure the sun's radiation and its hazards to spacemen.

The 89-pound satellite's yo-yo course was intended to take it 53,000 miles from the earth and swing it back as close as 185 miles. The payload was hurled aloft Tuesday at 5:11 p.m. in the 12th straight successful satellite launching for the Thor-Delta rocket.

Though exact orbital figures cannot be confirmed for several days, Robert Gray of the National Aeronautics and Space Administration said: "I see no reason to believe that we got anything but a normal performance. The apogee and perigee will probably be just about what we sought."

If successful, the experiment will produce the most extensive information yet on how the sun's radiation affects the earth's weather and communications and the dangers it poses for men and machinery in future deep space flights.

The extremely elliptical course was elected to enable the satellite to monitor high-energy particles over a wide area covering the earth's magnetic field, the Van Allen radiation belt and a section of interplanetary space above the belt.

Laneburg Clubs Plan Benefit

The Laneburg FFA and the FFA will sponsor a "Rounders" basketball game October 9 at 7:30 p. m. in the school gymnasium. Admission will be 15 and 35 cents. There will be a second benefit program following this game.

# Pope Makes Train Trip to Shrine

**By ALLAN JACKS**

LORETO, Italy (AP)—Pope John XXIII rode across Italy today in a historic whistle-stop train ride to the Roman Catholic shrine of the Madonna here to pray for the Vatican Council.

The 80-year-old pontiff displayed the same excitement as the thousands that cheered him along the way as "The Pope of peace."

The pope acknowledged the warm reception by nodding to left and right and moved his hand continuously in blessing.

At the 15th century Loreto basilica, built over the house in which legend says the Virgin Mary was born, the pontiff prayed for her intercession to aid the work of the worldwide council opening a week from today.

Celestially dressed Vatican Swiss Guards escorted the Pope from the train to the basilica, which had been closed to the general public hours before his arrival.

The pontiff, in his address, dwelt on the sanctity of matrimony and the family, and upon the dignity of man's labor, subjects to be given attention by the 2,500 prelates who will attend the council.

"The family," the Pope said, "is the first spiritual exercise of Christian life, the first school of strength and of sacrifice, of moral right and of abnegation."

"The ecumenical council desires..."

# Cuban Delegate Finally Arrives

NEW YORK (AP)—Cuban President Osvaldo Dorticos arrived by plane Wednesday to attend the United Nations General Assembly, after having turned back toward Havana earlier for some unexpected reason.

Among those welcoming Dorticos, whose functions are largely ceremonial, were about 35 U.N. delegates and some 200 supporters of Cuban Prime Minister Fidel Castro.

Soviet Foreign Minister Andrei A. Gromyko entertained Dorticos at dinner Wednesday.

# DeGaulle in Threat to Step Down

**By JOSEPH E. DYNAN**

PARIS (AP)—President Charles de Gaulle coolly threatened to quit today unless France approves his proposal to elect future presidents by popular vote.

The proposal will be submitted to a national referendum Oct. 28. De Gaulle spoke in a radio-television address just two hours before the National Assembly was scheduled to take up a motion of censure against the government.

In effect, he was appealing to the people—over the head of Parliament—to follow his leadership.

The president said he needed "yes" votes in the referendum to give him strength for his future activities.

It was the first of two nationwide De Gaulle broadcasts preceding the vote in Parliament, in the first major political crisis of the Fifth Republic. Dissolution of the assembly and elections next month appeared likely.

There has been little criticism of De Gaulle himself and his conduct of the presidency. But the popular vote will apply only to future presidents. De Gaulle was elected by a college of about 80,000 electors made up of members of Parliament, regional councils and municipal councils.

No less than 38 deputies put their names on the speakers' list for the assembly debate. This indicated the debate might drag on into the night and that the vote might not come before the early hours of Friday.

The immediate issue is De Gaulle's decision to submit his proposed constitutional amendment to the people in a referendum Oct. 28 without the approval of Parliament. His foes say prior legislative approval is mandatory under the constitution.

# 21 Persons Killed in N.Y. Blast

**By ANDREW MEISELS**

NEW YORK (AP)—It was 12:06 p.m. The basement lunchroom of the New York Telephone Co.'s uptown Manhattan building was filled with about 100 employees, most of them young women.

The air was filled with pleasant chatter and feminine laughter.

The minute hand edged toward 12:07.

At that moment, a massive steam boiler weighing more than a ton erupted into the lunchroom with the force of a jet-propelled projectile and smashed its way up through the ceiling to the first floor, bounced back into the lunchroom and rocketed through an opposite wall. It destroyed or killed or maimed everything in its path.

Steam, smoke and flames filled the basement. Overturned desks, cabinets and broken bodies fell through the gaping hole in the ceiling to add to the carnage below.

For perhaps 30 seconds after the blast there was a stunned silence. Then a lonely cry pierced the choking air: "My God, my God."

The time was 12:08 p.m.

At least 21 persons were killed. At least 100 others were injured. Most of them were women.

Area hospitals set up emergency facilities. Doctors came from far and near to care for the injured.

Transit employees working nearby and others from every walk of

# No Property Tax on Scout Land

LITTLE ROCK (AP)—Land used exclusively by the Boy Scouts of America is exempt from property tax, Atty. Gen. Frank Holt ruled Wednesday.

State Sen. Dan White of Fort Smith asked for the opinion. He said he was concerned about the status of Camp Orr, a Boy Scout camp in Newton County.

# Space Shot at a Glance

**By THE ASSOCIATED PRESS**

Launch time: 7:15 a.m. (EST). Pilot: Walter M. Schirra Jr., 39, Navy commander.

Rocket Atlas with 32,000 pounds of thrust.

Spacecraft: Mercury capsule named Sigma 7; 4,200 pounds.

Orbits:

- Maximum speed: 17,500 miles per hour.
- Altitude: 100 to 17 miles.
- Time of first orbit: 88.5 minutes.
- Total flight time: 9 hours, 13 minutes.

Landing area: Pacific Ocean.

Tracking network: 21 stations around world.

Recovery forces: 28 ships, 143 planes, 17,000 men.

Life aided police and firemen in rescue operations.

Clergymen of various faiths came to minister to the dead and the dying. These littered the sidewalk in grotesque postures of death and made the normally bustling area around the building at 213th Street and Broadway look like a war-torn battlefield.

Dazed survivors and relatives and friends of employees in the building stood by and waited for news of their loved ones. Others moved to a makeshift morgue nearby.

The boiler that caused the disaster—one of three oil-burning boilers in the two-story building—had been cleaned last week and placed back into service less than an hour before the tragedy.

Police said the boiler room supervisor, Anthony McCann, 31, of Dumont, N.J., whose duties did not require constant attendance to the boilers, had left the building to cash a check only 10 minutes before the blast.

The city fire and building departments and the New York County district attorney's office began immediate investigations.

The responsibility for safety checks of boilers lies with both the fire and building departments. The district attorney's office was looking into the possibility of criminal negligence, a spokesman said.

Fire Commissioner Edward Thompson expressed the opinion that the boiler blew because it was superheated, due probably to a failure of the automatic devices which regulate the high and low water level "or failure to maintain a proper water level."

When disaster struck, those still able to move stumbled past rubble, overturned tables and bodies and groped for exits. Blinded by

## how's this for exploding the myth that cars have to be expensive to look it! Tempest '63

Maybe you can tell the difference between Pontiac's Tempest (especially that Le Mans) and the high-priced jobs. Besides having a 4 that acts like a V-8, Tempest sports a new 260-hp V-8\* that acts like nothing you ever got your hands on before. And besides its beautiful balance, Tempest has Wide-Track this year. And self-adjusting brakes and a tachometer\* and fetching style and all kinds of niceties that'll make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. Vive la difference! Pontiac Tempest

## Calendar

**Thursday, Oct. 4**  
The Pat Cleburne Chapter, UDC will meet for luncheon at the Diamond at 12 noon Thursday, Oct. 4. All members are urged to be present.

The Gardenia Garden Club will have a workshop at the Youth Center Thursday, Oct. 4 from 11 a.m. to 3:30 p.m. Each member is asked to bring a sack lunch, and flowers and a container for making arrangements.

The Lydia Class of the First Baptist Church will meet in the home of Mrs. Robert Cox, Thursday night, Oct. 4 at 7:30. All members and associate members are urged to attend.

**Friday, Oct. 5**  
The Mary and Martha Sunday School Class of the First Methodist will have a spaghetti supper at 7 p.m. Friday, Oct. 5 in the basement of the church for members and their families.

John Wilson will be special after-dinner speaker.

Hope Chapter 328 Order Eastern Star will meet Thursday, Oct. 4 at 8 in the Masonic Temple. There will be an election of officers. All members are urged to attend.

The Rose Garden Club will meet at 10 a.m. Friday, Oct. 5 in the home of Mrs. W. C. Bramlett with Mrs. Lester Godwin and Miss Mary K. Lehman, co-hostesses. There will be a potluck luncheon and everyone is asked to bring a covered dish. A workshop will be held at this meeting and members are asked to bring their own flowers, containers and mechanics.

**Monday, Oct. 8**  
The Junior and Senior High Band Auxiliary will meet at 7:30 p.m. Monday, Oct. 8 in the Band Building.

The Builders Bible Class of the First Baptist Church will meet Monday, Oct. 8 at 7 p.m. in the Educational Building for a covered dish luncheon and installation service. Mrs. W. C. Bramlett will install the officers for the coming year. Mrs. Lester Godwin and Mrs. Leo Hartsfield will be hostesses. All members and associate members are urged to attend.

**Tuesday, October 9**  
Circle 1 of the First Presbyterian Church will meet in the chapel at 10:00 Tuesday, October 9.

Brookwood P. T. A. will meet Tuesday night, October 9 at 7:30. Al Graves will be the guest speaker using "Juvenile Delinquency" as his subject.

Circle 2 of the First Presbyterian Church will meet in the Fellowship Hall at 10 a. m. Tuesday, Oct. 9.

Circle 3 of the First Presbyterian Church will meet in the home of Mrs. Dorsey McRae, Sr. at 7:30 p. m. Tuesday, Oct. 9.

Mr. and Mrs. Jewel Moore Jr. entertained with housewarming a surprise housewarming was given Monday night for Mr. and Mrs. Jewel Moore, Jr. at their new home on Rocky Mound Road. Mrs. Perry Moses and Mrs. Cecil O'Steen were hostesses, and beautiful roses were used as decoration.

The 35 guests toured the lovely home and gave the honored couple a shower of miscellaneous gifts for their new residence. Those from out of town at the party were Dr. and Mrs. S. A. Whitlow of Little Rock and Dr. and Mrs. Charles Johnson of Prescott.

Several kinds of cake were served with coffee for refreshments.

**Tuesday Bridge Club Luncheon**  
Mrs. E. J. Whitman was hostess to a meeting of her Tuesday Bridge Club on Oct. 2. The two tables of players included one club guests, Mrs. Byron Heifer. Zinnias made colorful floral decoration. Mrs. Kelly Bryant was the high scorer for the afternoon, and Mrs. R. T. White was second high. Snacks and cold drinks were served.

**Tuesday Bridge Club Has Potluck Luncheon**  
A potluck luncheon as well as a regular meeting of a local Tuesday Bridge Club was held on October 2 in the home of Mrs. K. G. Hamilton. Fall Chrysanthemums enhanced the rooms where the group gathered.

A club guest for the day was Mrs. Fred Holder. High score was won by Mrs. John Britt, and the game prize went to Mrs. Dorey Camp. Pie and coffee were served during the afternoon play.

**Coming and Going**  
Mr. and Mrs. Y. C. Coleman went to Irving, Tex., this past weekend to visit Mr. and Mrs. Martin Green and Mollie Ann.

Mrs. O. T. Cranford and Mrs. Y. C. Coleman left Thursday for Irving, Tex., to be with the Martin Green family when Mr. Green undergoes surgery in Dallas on Friday.

Miss Patsy ElNora Beard

Mr. and Mrs. Willie Beard of Hope announce the engagement and approaching marriage to their daughter, Patsy ElNora, to James A. Cummings, son of Mr. and Mrs. Noel Cummings of Prescott.

The wedding will be an event of November 23 at 7 p. m. at the Garfield Memorial Baptist church with Rev. Clyde Johnson officiating. No cards will be sent.

**Friday.**  
Mr. and Mrs. Haskell Jones went to Conway Wednesday to see their daughter Taffy, at the Children's Colony.

Discharged: Mrs. Hershel Johnson, Hope; Mrs. Johnnie Kramer and baby boy Hope; Mrs. Melvin Burns, Magnolia; Mrs. Ervin Thomas, Wilson, Ark.; Davis Griffin, Hope.

## DOROTHY DIX

### Husband Suffers From Wanderlust

By HELEN WORDEN ERSKINE

Dear Helen: My husband is a married bachelor with Gypsy feet. I can tell the instant he feels the urge to leave the house. He'll be reading or watching TV, become nervous, stare into space, then reach for his hat and is gone. He goes on fishing trips that are slowly becoming drinking parties, yet expects me to wait patiently at home. It's just as if he never had a family.

I have cried, walked the streets looking for him, begged him to spend time at home with me and the children, urged him to go to church with us. He's kind and good to me and the children when he does put forth the effort to stay home, but that isn't often. I have taken over all sorts of responsibilities that should be his, including paying the bills.

I love my husband and I know he loves me. Yet my respect is slowly being crushed. He has no more responsibility or sense of duty than a robin. What can I do? —Desperate

Dear Desperate: Most married men retain a bit of the bachelor in them. It brings back the care-free days of youth and makes them feel dashing. When husband tugs at the leash, a wise wife lets it out a notch or two, but not enough to make it too long or too loose. Unlike others who wander from the heart, your husband is at least good and kind when he's around. That speaks well for his fundamental character.

If he vexes you by overdoing the bachelor bit, pleas and tears may drive him farther off. Show him you can enjoy life as an individual by cultivating some hobby at home; that will pique his interest. And even if it goes against the grain, let a few bills go unpaid. The embarrassment he feels when the bill collector eventually calls upon him may be just the thing to renew his own sense of duty.

Dear Helen: My husband is still Mama's boy. When I balk at going with him to see her every single night, he bellows, which would astonish our friends for, on the surface he's a quiet, well-mannered guy.

The only time I have free is when he fishes with his father. Fishing bores me to extinction but he talks nothing else. Thank heavens I've got a job, else I'd lose my mind with his policing and nagging. Being young — just 18 — I love dancing; he hates it. My problem may seem small but it's mighty big to me. What can I do? —A Friend

Dear Friend: It's up to your husband as well as you to make concessions. If he wants his marriage to last, he should see that you get your share of social life. Conversely, it's your duty to make that life attractive to him, too.

Instead of going every night to his mother's, invite her over for an occasional meal. Surprise him with a Saturday night party for his fishing pals, including father-in-law. Arrange it buffet-style, then leave them to their stories. You get about what you give in life. Be a giver and see what happens.

Dear Helen: I am a teen-age girl and have two younger brothers. They both hate me and I don't know why. I've tried giving them a dose of their own medicine but they just act meaner. I even tried being nice, but it doesn't make any difference.

All I hear is their insults and if my parents aren't home they punch me so that they can have their own way. I'm so sick of all this I could scream. Asking help from my parents seems to be a lost cause. They try but get nowhere. What would you suggest I do? —Unhappy

Dear Unhappy: What you interpret as hatred by your younger brothers may just be the natural tendency of boys to tease and annoy an older sister. If patience and kindness don't pay off, and if parental discipline fails, get your parents' approval for a few stern measures of your own.

I see no reason why, under these circumstances, you can't administer a sharp spanking in self-defense. Former President Hoover tells a story about an uncle of his who, although a Quaker, did not believe in extreme pacifism. This man's motto was: "Turn your other cheek once, but if he smites it, then punch him."

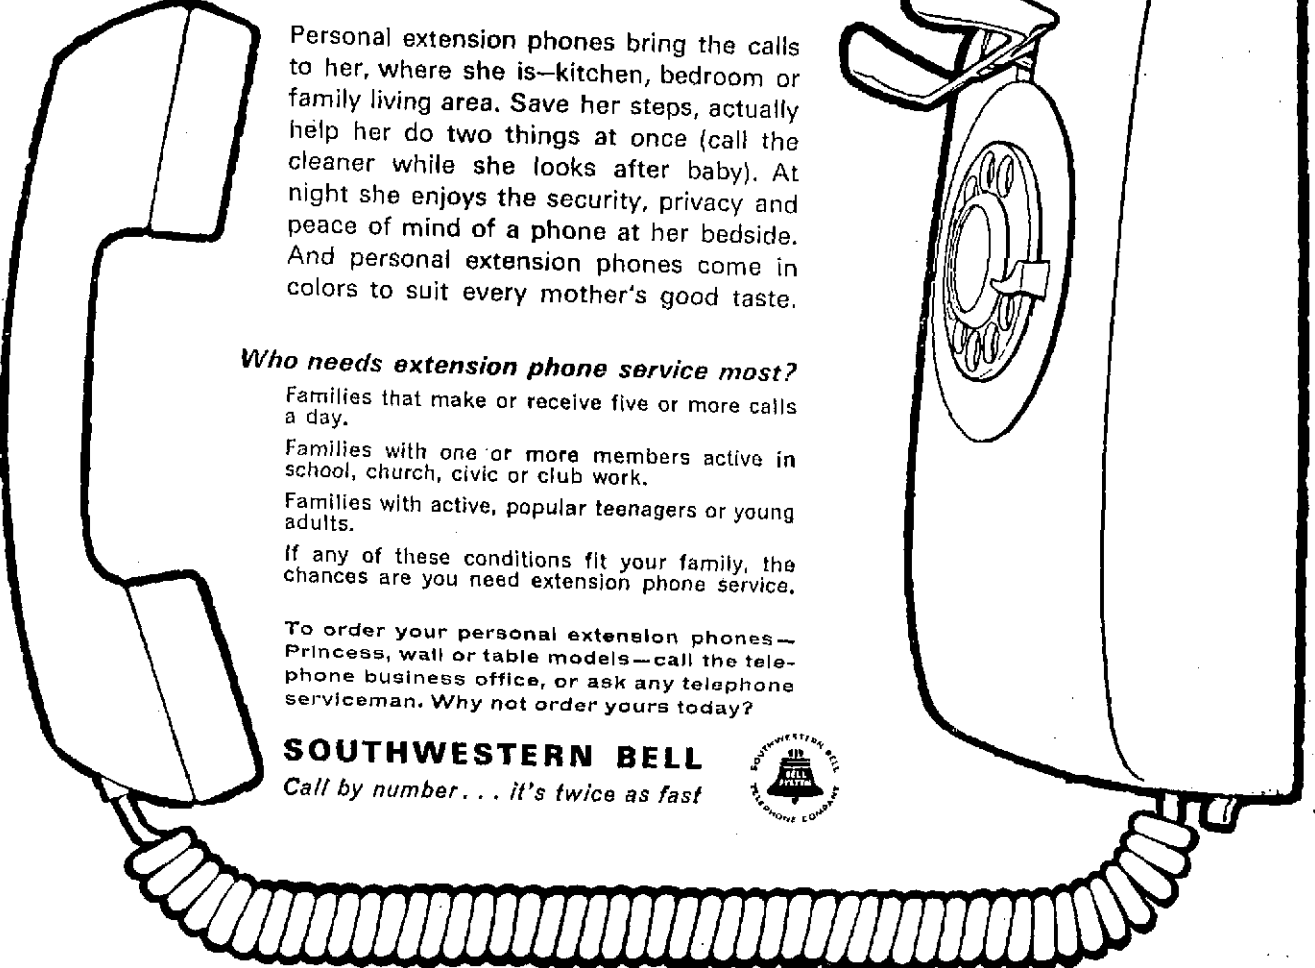

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Teen-age Code."

## personal extension phones

SAVE MOTHER'S TIME, ENERGY AND DISPOSITION

Personal extension phones bring the calls to her, where she is—kitchen, bedroom or family living area. Save her steps, actually help her do two things at once (call the cleaner while she looks after baby). At night she enjoys the security, privacy and peace of mind of a phone at her bedside. And personal extension phones come in colors to suit every mother's good taste.

### Who needs extension phone service most?

- Families that make or receive five or more calls a day.
- Families with one or more members active in school, church, civic or club work.
- Families with active, popular teenagers or young adults.

If any of these conditions fit your family, the chances are you need extension phone service.

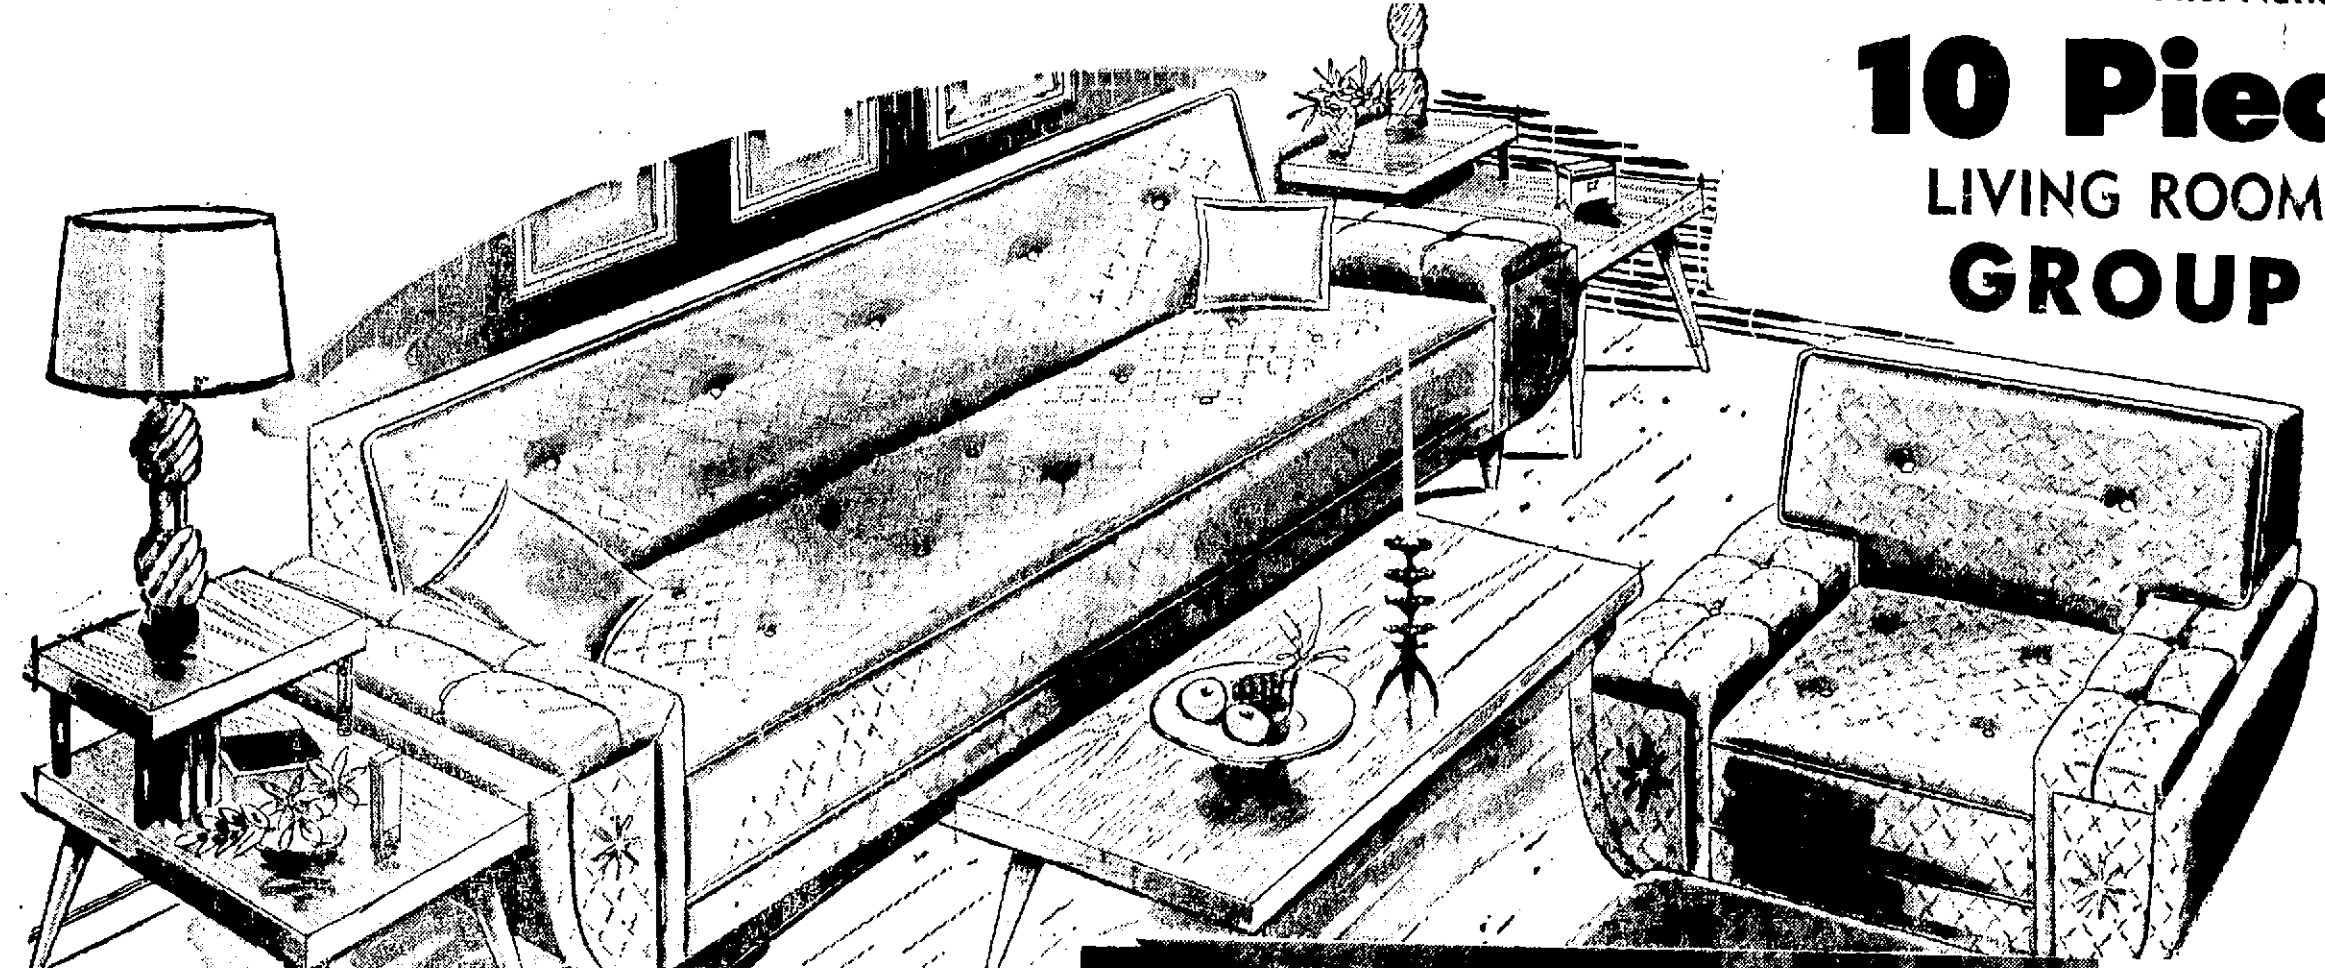

To order your personal extension phones—Princess, wall or table models—call the telephone business office, or ask any telephone serviceman. Why not order yours today?

## Dodgers Can't Believe They Blew Pennant

By CHARLES MAHER  
Associated Press Sports Writer

LOS ANGELES, (AP) — It wasn't easy for the Los Angeles Dodgers to blow the National League pennant, but it was even more difficult for them to believe it.

"It's horrible," said shortstop Maury Wills, "and it's true. But you just can't understand it. It's like a nightmare. . . ."

"We had the greatest team in baseball. How the Giants ever beat us we'll never know."

The Dodgers, in one of the most astounding collapses in baseball history, somehow managed to divest themselves of a four-game lead in the final week of the regular season.

Then, in a classic death scene, they blew a two-run lead in the ninth inning Tuesday and lost the third and decisive playoff game, 6-4 to the San Francisco Giants.

The Dodgers were almost physically paralyzed by their defeat. Their dressing room was locked. Reporters didn't get inside for nearly an hour.

Ripped uniforms lay in front of some lockers, but it was more a scene of despair than violence. They sat in chairs, or on the floor, some of them crying many of them drinking.

Before the doors were unlocked, Wally Moon stepped outside and spoke briefly to newsmen.

"Give them a little time to cool off, Moon said. 'They've just blown about \$12,000.'"

The question of what will happen to Manager Walter Alston was not definitely answered. Dodger publicist Red Patterson said Alston had been given what sounded vaguely like a vote of confidence.

Patterson said Dodger President Walter O'Malley and General Manager Buzzie Bavasi telephoned Alston and "told him to relax."

"They told him it was a long season—but that's baseball. Alston took it with tears," Patterson said.

Alston, obviously in agony, had joined reporters in a club meeting room only minutes after the game.

"The hitting slump we went into the last two weeks of the season was one of the things that hurt us," Alston said. "Ron Fairly went something like 2-for-32. Johnny Roseboro and Willie Davis stopped hitting and Frank Howard slowed up a little."

"But it's a young club and we made a lot of errors."

Nevertheless, Alston said, the loss of left-hander Sandy Koufax hurt more than anything else. Koufax had pitched a no-hitter and had a 14-5 record when he was sidelined in mid-July by a circulatory disorder in the forefinger of his pitching hand.

to the nation's governors by mail Gov. Rosellini said he sympathized with Barnett in his problem in Mississippi, but declared, "I am not in agreement with his position. The law should and must prevail."

Speaking at a formal state dinner Wednesday night, Vice Adm. H. G. Rickover called again for establishment of a national scholastic standard as a means of raising academic achievement. Establishment of voluntary standards would provide a means of measuring academic accomplishments.

The problem of court-ordered reapportionment plaguing many of the states was discussed at a final session by William J. Smith of Little Rock and Edwin F. Hunt of Nashville, Tenn.

Smith is legal advisor to Gov. Orval E. Faubus.

## Ole Miss Grid

Continued From Page One

Department's top agent on the scene, said, "We realize how important this weekend is to the college and to the alumni. On the other hand, we don't want any more riots or violence. We must make an assessment. There has been a major disturbance here, two people killed, and numerous others injured."

Guthman conferred at McLean, Va., with Atty. Gen. Robert F. Kennedy Wednesday night. Guthman said the game can be shifted to another site, "If the facts warrant it in the judgment of the military and the Department of Justice."

Guthman said the attorney general wanted a full rundown on the Oxford situation.

Barnett, who defied the federal court order to admit Meredith, appeared on a Jackson television station and urged Mississippians to "be calm, be patient."

"Let's by all means avoid violence. Let's maintain law and order," Barnett said.

The clergy of Oxford, all but one denomination, asked the people for a "time of repentance Sunday." A joint statement asked for "acceptance of the actions of the court and whole-hearted compliance with these as individuals and as a state."

The military garrison, which at one time totaled 12,000, reduced its strength by nearly 4,000 Wednesday. The redeployed troops were not beyond recallable distance.

In other developments: Sheriff Sol Cox at Holly Springs, Miss., said he stopped a convoy of five car loads of U.S. marshals and said four of them were "intoxicated, extremely arrogant and resisted arrest."

Chief U.S. Marshal James McShane at Oxford said he knew nothing of the incident. In Washington, a Justice Department spokesman said an investigation "shows that no one in these cars had been drinking." The spokesman said the cars were stopped and searched without authorization.

A group of Ole Miss professors said they had evidence that efforts to place the blame for last weekend's rioting on federal marshals was unfair and almost completely false. The university's chapter of the American Association of University Professors approved a resolution calling for an investigation by proper authorities.

## Ministers Agreed on Cuban Plan

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — Foreign ministers of the United States and its 19 Latin-American allies were unanimously agreed today that the massing of Soviet arms in Cuba threatens the security of the Western Hemisphere.

"The adoption of special measures, both individual and collective," are required to meet the growing danger, they said in a statement released after two days of intensive consultation at the State Department.

The declaration denounced the "Sino-Soviet intervention in Cuba as an attempt to convert the island into an armed base for Communist penetration of the Americas." It stressed the "extraordinary solidarity on matters affecting the security and well-being of the hemispheric system" achieved at the meeting.

Secretary of State Dean Rusk, who served as chairman, was reported highly pleased with the unanimous agreement. Officials said it marks a forward step from the Punta del Este, Uruguay, foreign ministers conference last January when the 20-nation group split on some key anti-Castro issues.

Rusk and his aides undoubtedly would have welcomed an even stronger declaration than the one hammered out in the hour and 45-minute session that ran into Wednesday evening. But they said privately the wording was much less important than the unanimity of agreement.

Armed with the new inter-American call for economic and security measures against Cuban communism, the United States is planning a fresh drive among its European North Atlantic Treaty allies to get them to curtail trade and shipping which benefit the Soviet-supported regime of Prime Minister Fidel Castro.

## Faubus Elected

Continued From Page One

islative Conference in Phoenix, Ariz., last month for the state legislatures to initiate a constitutional amendment to strengthen the 10th or states rights amendment and make it more meaningful.

Another resolution adopted called upon the United States government to take steps to meet the communist threat in Cuba.

The conference accepted the invitation of Gov. William Wallace Barron of West Virginia to hold its 1963 conference in West Virginia during that state's centennial year.

Following scheduled adjournment of the Southern Governors' Conference at noon, four members of the executive committee of the National Governors' Conference will take up a proposal that the nation's governors censure Barnett.

Gov. John Swainson of Michigan proposed censure of Barnett because of his defiance of the federal integration order at the University of Mississippi.

Gov. Albert Rosellini of Washington, chairman of the national governors, said that since a quorum of the executive committee wouldn't be on hand any recommendations made by the committee would have to be submitted

## Negro Seeks to Enter Clemson

ALEXANDRIA, Va. (AP) — A Negro student asks court action today to clear the way for his admission to South Carolina's all-white Clemson College—and thus crack the state's school segregation barrier.

The 4th Circuit Court of Appeals takes up the case of Harvey B. Gantt, 19, only four days after the integration of the University of Mississippi touched off bloody riots.

This is the first court action to force integration of South Carolina's state-supported white colleges. All public schools in the state are segregated.

Five integration cases now before the U.S. Supreme Court involve South Carolina public schools. One is the National Association for the Advancement of Colored People's attempt to gain admission of Negro children to elementary and secondary schools in Clarendon County.

The Supreme Court's historic school integration decision in 1954 was based in part on a Clarendon County suit brought by Negro parents.

Gantt of Charleston, S. C., is attempting to transfer to Clemson from Iowa State College, where he is an architecture student. His

## Says Act Is Worth \$850 to Teachers

LITTLE ROCK (AP)—Adoption of Initiated Act 1 in the Nov. general election will mean an additional \$850 in salary and retirement benefits to each Arkansas teacher during the next two years, the Arkansas Education Association said Wednesday.

In addition, a letter from AEA President Hays Gibson of Conway and Executive Secretary Forrest Rozzell to AEA members said, Act 1 will give each teachers an additional \$150 in benefits each year it is in force.

The letter urged AEA members to work for voter approval of Act 1 and proposed Constitutional Amendment 53.

Act 1 will guarantee a minimum of 50 per cent of general state revenues to public schools. Amendment 53 would require that the Teacher Retirement System attorneys contend Clemson, the state's agricultural and technical college, will not admit him because it has a policy against enrolling Negroes. Attorneys for the college argue there is no evidence of racial discrimination and that Gantt failed to meet the college's requirements.

Judge C. C. Wyche of the U.S. District Court for eastern South Carolina denied a preliminary injunction against the college which would have paved the way for Gantt's transfer. The student is appealing that lower court decision.

## Space Monkey Has a Baby

PENSACOLA, Fla. (AP) — A monkey named Baker, whose space flight three years ago was a milestone on the astronauts' trail, gave birth Wednesday to a stillborn male.

Mouth-to-mouth resuscitation failed to revive the baby monkey. Pensacola Naval Air Station medical school spokesmen said there was no indication that the death resulted from any effect of the mother's space flight.

Monkey Baker was listed in good condition.

## Rate Hike Asked

LITTLE ROCK (AP)—The state Public Service Commission received Wednesday a new application from Ozark United Telephone Co., of Fort Smith for a \$1.25 a month increase in rural residential and in business phone rates, effective Jan. 1. An application of Aug. 17 last year, filed without advance notice to rural customers, was suspended by the PSC.

he kept actuarially sound.

The Gibson-Hays letter said the AEA does not plan a mass media advertising campaign in support of the measures. It urged AEA members to work through personal contact, speeches before local groups and distribution of a campaign flier.

"In two weeks time you secured 85,000 signatures (to get the proposals on the ballot)," the letter said. "This same kind of person-to-person campaign in support of these measures will produce favorable results."

Act 1 has no organized opposition it has had a cool reception from Gov. Orval E. Faubus, the state Board of Education and the Legislative Council.

The Education Department is circulating a report on a study of the act which says it has several flaws.

The Legislative Council has ordered its own study made.

## Bobcats Travel Long Road to Crossett Friday

By Vince Foster

The Hope Bobcats traveled the long road to Crossett Friday night to defend their district lead and their undefeated record against the Eagles.

Crossett, who is the "cellar dweller" in 4AA, is still not to be taken lightly. The Eagles have only about 13 points in the season, while the Bobcats have scored 53. The Eagles whipped Eudora 25-0 and Memphis 21-0, but suffered losses to Malvern 7-6 and to Magnolia 7-0.

Halfback Allen Etheridge heads the Eagle offensive attack with his brilliant running. He has scored three touchdowns with runs of 20, 20, and one. Two-year veteran Ladd Scriber calls the signals of his backfield averaging 150 pounds. Richard Meredith, 180-pound tackle, is the weightman of the squad. After their open date, these Eagles will be ready to hit the Bobcats at their full force.

The undefeated Bobcats will probably have to depend solely on power to pull this one out. Crossett has one of the fastest teams Hope will play, and there will be few long runs for the Bobcats. Fullbacks Richard McDowell and Billy Aldridge will carry most of the Hope load Friday night. The Cats are going to need all the support and blocking they can get at Crossett, so follow the Bobcats to Crossett and boost them to their fifth win.

## Tigers Meet Langston Here Friday

The Yergler Tigers who are 0-2 will meet the Bulldogs of Langston High School at Hot Springs Friday night at Hammons stadium. The Bulldogs have 2 wins and 1 loss coming into this game. The Tigers played with injuries have been working hard on a new attack for the Bulldogs. The Tigers are thirsty for a win, and they will be out this time to give the Bulldogs their second defeat.

The Yergler squad this year is small in size and number as compared to the opposition. But with a little encouragement the Tigers could gain a victory Friday night.

## Ramblers for 1963 Newly Styled

The 1963 Ramblers look much longer with their all-new styling, but actually are more than an inch shorter than past models. Overall height is reduced three inches without sacrifice of interior room and wheelbase is increased to 112 inches. A new body construction technique is used on the '63 Ramblers for the first time. Curved glass side windows are standard on the 1963 Rambler, the only low-priced car to have this custom feature. Shown is the Rambler Classic

770 four-door sedan with 138-horsepower six-cylinder engine. The standard Six engine develops 127 horsepower. The E-Stick automatic clutch transmission is available on the Classic for 1963. The Ambassador V-8 power-plant is rated at 250 horsepower with an optional 270-horsepower version available. The Double-Safety brake system and lifetime ceramic-armored muffler and tailpipe are standard on all models. They go on sale October 5.

## Hope Star SPORTS

### Porkers, TCU Highlight Grid Play

By BILL SIMMONS  
Associated Press Staff Writer

Arkansas and Texas Christian opened their Southwest Conference football seasons against one another in Lubbock, Tex., Saturday night.

The Horned Frogs have beaten one good team and lost by a point to another good team, the Razorbacks have flattened two teams of lesser quality.

For the prediction, make it Arkansas 21, Texas Christian 17. Here's why. Arkansas leads in the conference in production of yards and the Razorbacks have a better line. Billy Moore, the Arkansas quarterback, and Sonny Gibbs, the giant TCU field general, may be about even, but Moore has better receivers to

### Gordon Guest Imitates TCU's Gibbs

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks had TCU team quarterback Gordon Guest imitating Sonny Gibbs again Wednesday as they wound up heavy work in preparation for Saturday night's Southwest Conference opener against Texas Christian.

The Porkers divided an hour and 40 minute drill between pass defense and play polishing. Guest got a real workout in the Gibbs role Tuesday with most of the session devoted to pass defense. Gibbs, a 6 foot 7 inch quarterback is TCU's big threat.

Coach Frank Broyles seemed satisfied after Wednesday's workout. He said the team was in good shape physically and was improved on both offense and defense.

Broyles plans tapering off work for the Hogs today.

Quarterback Billy Moore, who started his 191 season against TCU, after sitting out two games with an ailing knee, said he's ready to this year.

Moore is the individual offense leader in the Southwest Conference after brilliant performances in two Razorback victories—34-7 over Oklahoma State and 42-14 over Tulsa.

TCU hasn't beaten the Razorbacks since 1958, the Horned Frogs

throw to and he runs better.

Besides, the Razorbacks have won this one the last three times running.

Arkansas State has beaten down two good teams already, and the Indians should be able to take St. Mary's with an improving Martillo-Weir 1-2 punch. State, 21-0.

Swinging through the Arkansas Intercollegiate Conference: Arkansas Tech, at home in Russellville, will ship Southern State, make it 20-0. The Wonder Boys haven't slipped up, and this will be AIC victory No. 2 toward a third straight championship for the Techsters.

Ouchita 14, Harding 7. The Bisons haven't played badly, but Ouchita has played better. It'll be at Arkadelphia, too.

State Teachers 24, Ozarks 0. The Mountaineers are back in the rut, and the Bears need a chance to cut loose. This is it.

Mississippi College 7, Henderson 6. Well-matched, but the Reddies are error-prone after halftime.

## 59th Baseball World Series Opens Today

By JOE REICHLER

Associated Press Sports Writer  
SAN FRANCISCO (AP) — The 59th World Series, seventh between the Yankees and Giants, opens at Candlestick Park today in battle of left-handers between New York's Whitey Ford and San Francisco's Billy O'Dell.

San Francisco's joyous citizens appear unmindful of the odds which made the Yankees a 7-5 favorite to win the opener and a 17-10 choice to win the series. All that mattered was the Giants had whipped their arch-rival, the Los Angeles Dodgers, 6-4 in the final playoff game to bring the first National League championship to San Francisco.

One reason the Yankees are such prohibitive favorites is their long tradition of series supremacy. The Yankees have won 19 of 22 fall classics, including four of the Yankees' physical and statistical edge.

"The Yankees' rest doesn't make too much of a difference, I don't think," Dark said. "I'm more concerned about my pitching staff. I would have liked for my starting pitchers to have had more rest."

"If O'Dell says he feels all right, he's my opening pitcher," Dark said. "I want to open with him, then follow with Jack Sanford (a right-hander) here Friday and have Billy Pierce (a left-

## Anyone for Squirrel Hunting?

THIS TIMBER RATTLE SNAKE, NEARLY FIVE FEET long and having 12 rattlers was killed by J. T. Still, right, while hunting in the Little Missouri River bottoms above Blewins. Robert Shirley is at left. Mr. Still stepped on the snake and swears he set a world record for a one-legged jump.

al League pennant after trailing the Dodgers since July 8.

Manager Alvin Dark of the Giants did not appear worried over the Yankees' physical and statistical edge.

"The Yankees' rest doesn't make too much of a difference, I don't think," Dark said. "I'm more concerned about my pitching staff. I would have liked for my starting pitchers to have had more rest."

"If O'Dell says he feels all right, he's my opening pitcher," Dark said. "I want to open with him, then follow with Jack Sanford (a right-hander) here Friday and have Billy Pierce (a left-

Continued From Page One

cargo to foreign flag ships of any owner whose vessels are used in trade between Cuba and the Sino-Soviet bloc. There was a recent case of a Yugoslav ship which carried Soviet grain to Cuba, then went on to Houston to load U.S. government surplus food for delivery to Egypt under the foreign aid program. Controversy blocked that shipment but there have been others of that kind and they are now to be prohibited.

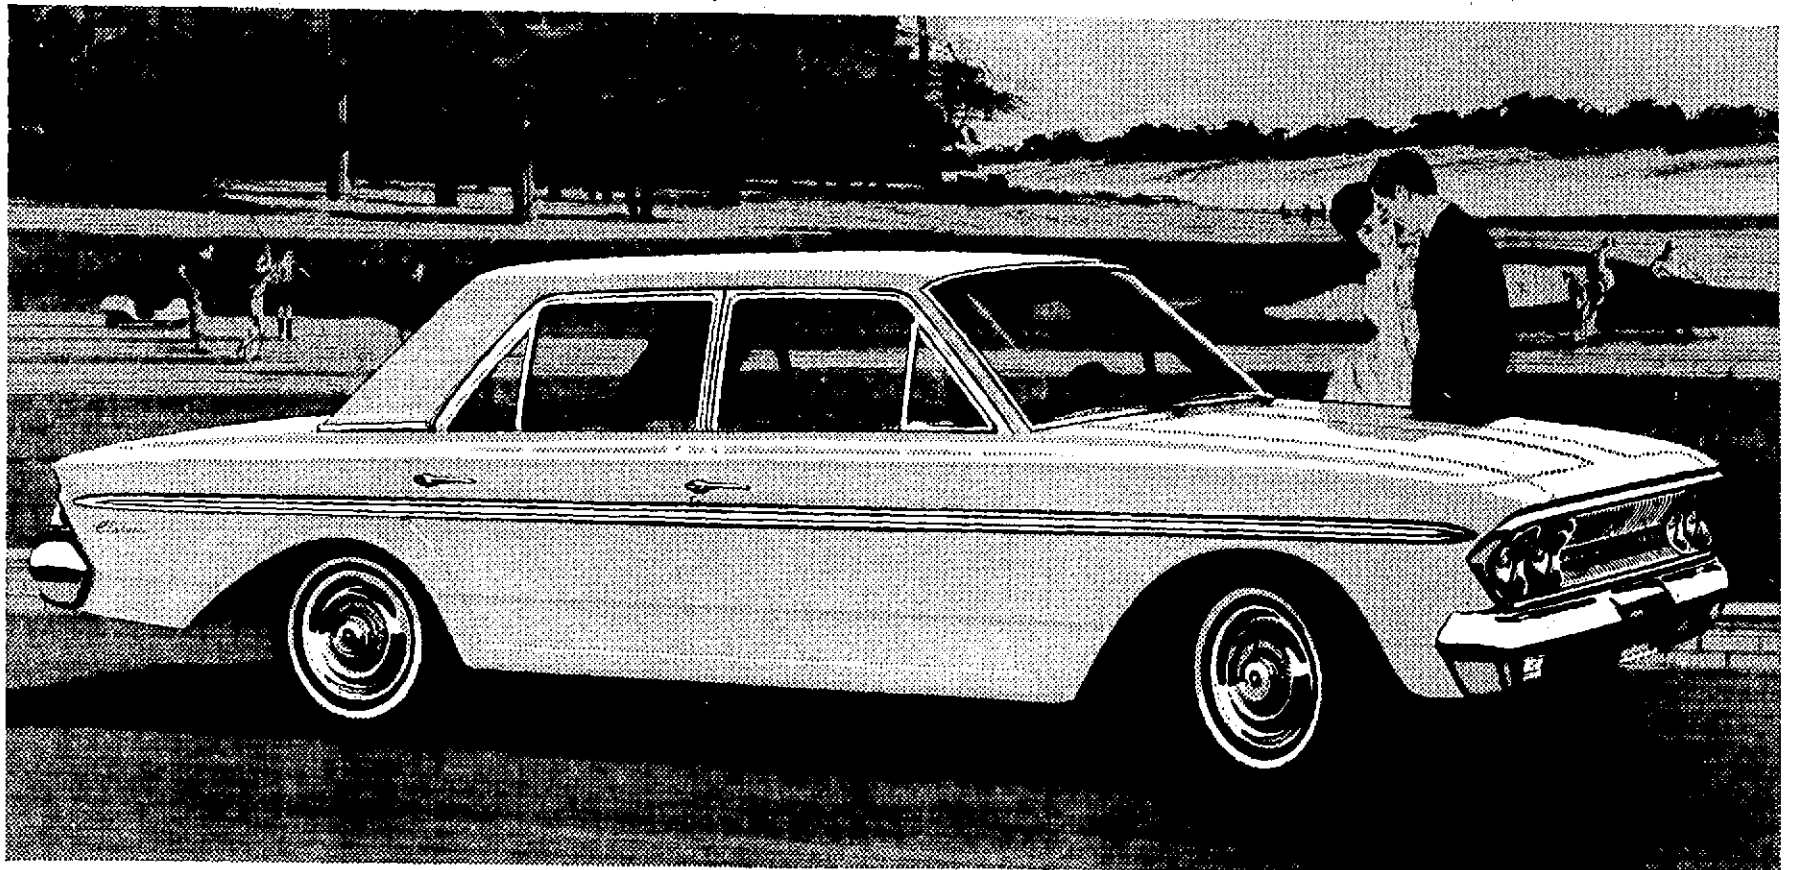

3. Flatly bar all United States owned ships from carrying goods to Cuba. Officials said they do not know of any such ships but that U.S. policy should be clear on this point since pressures are being put on foreign-owned shipping.

4. Close United States ports to any vessel which on a continuous voyage is employed in trade between Communist bloc countries and Cuba. This restriction is parallel to the one denying U.S. government cargo to any vessel in the Cuban trade but the aim here is to prevent such a vessel from picking up privately owned cargo. The over-all purpose of the sanctions is to make it much more expensive and difficult for the Soviets to supply Castro with either arms or non-military goods.

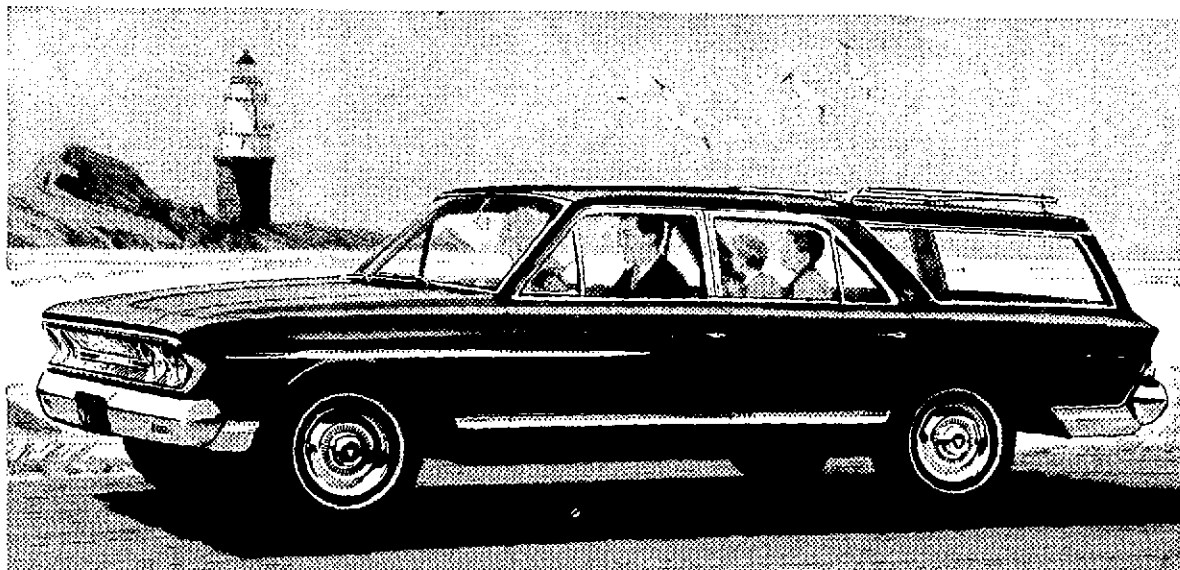

A declaration by the hemisphere's foreign ministers on Wednesday called for "the adoption of special measures, both individual and collective," and stressed their "extraordinary solidarity on matters affecting the security and well-being of the hemispheric system."

# ANNOUNCING RAMBLER FOR '63

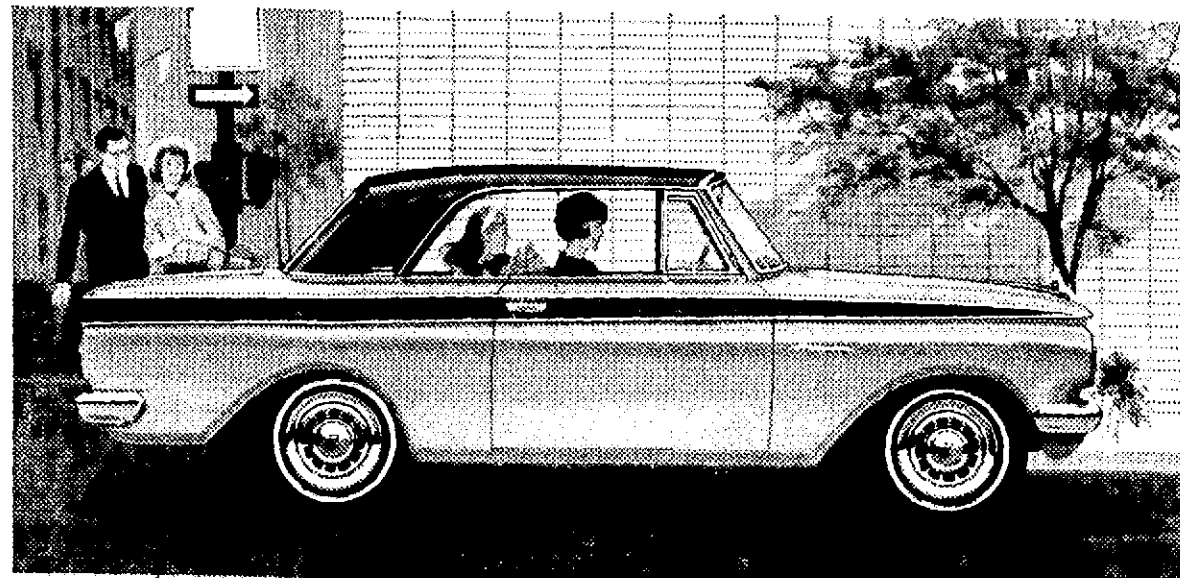

## The New Shape of Quality

1963 Rambler Classic Six Four-Door "770" Sedan. Looks longer but isn't. Curved glass side windows. Advanced Unit Construction.

1963 Rambler Ambassador V-8 "990" Wagon. 250 HP standard, 270 HP optional. Lockable hidden compartment in rear.

Brand new for '63! Rambler American "440-H" Hardtop. 138 HP, Bucket Seats and Console standard.

COME SEE THEM! The most beautiful, the most exciting Ramblers ever built — the '63 Rambler Classic Six and Rambler Ambassador V-8. New! All-new Advanced Unit Construction, a years-ahead breakthrough in car building — foundation of the New Shape of Quality. Amazingly greater strength—unequaled door fit and weather sealing. New! Lower, swifter lines, yet with easier entrance. Room for six 6-footers. New! Quietest Rambler ever, with vibration-free Tri-Poised Power, curved glass side windows that hush wind noise. New! Most service-free Ramblers, with more lubricated-for-life vital parts and 33,000-mile or 3-year chassis lubrication. New! Most thoroughly rustproofed cars ever, with 7 times more galvanized steel than before. Deep-Dip rust-proofing. Ceramic-Armored exhaust system.

New! Twin-Slack Floor Shift with Instant Overtake. Chair Height Reclining Bucket Seats with Console, optional.

New! Curved Glass Side Windows. Amazingly easy entry because doors curve into roof. You step in gracefully.

THE ECONOMY KING HAS BRAND-NEW ZING See the sports-spirited Rambler Americans for '63. The all-new Rambler American "440-H" Hardtop has Reclining Bucket Seats, Console, new 138 HP Six, standard. ## Ordeal at Comanche Wells

### By Benjamin F. Capps

Copyright © 1962 by Benjamin F. Capps  
Published by Newspaper Enterprise Assn.

XXVIII

The idea the sheriff may rouse you out about daylight."

Stephen Pendergrass looked like a banker when he rode out of town that morning, west in a custom-built hack, past his fine, white town house and out into the grassland of the Rail-P. He was a banker, almost a dude, stiff and formal in his black suit, white shirt, black string tie, and derby. He had a curious desperate look in his dignity, perhaps like a banker who has lost his bank.

Later that afternoon he had changed his appearance. He spoke to the assembled riders briefly, raised his right hand and thrust it toward where Comanche Wells lay, five miles across the plains, and led them out.

Now he looked as he had in years past, almost a part of the giant black horse he rode, dressed in range clothes, on his head a broad-brimmed black hat. He seemed to belong at their front because of grandeur that clung to his person, but his command of them was not so much like that of a strict military officer as like that of an avenging corsack leader. His horse moved in a fast trot, causing some of

the smaller horses behind him to break into a lope at times to keep the pace.

They were 37 riders, all armed with sideguns, and most with rifles, stuck in a saddle boot or carried across the cantle. They rode bunched and strung out to each side to avoid eating the dust they raised. They seemed all of one purpose, a selected group.

These 37 rode with various fires behind their common purpose: Bledsoe believed that they were deciding the future of the West. Underwood believed that God was on his side. All of them felt sure they were right.

If the banker had changed that day, so had the town. The sheriff had spread his men thinly with only one at the jail and only one at each of the other approaches to town—except for the west road. On the road that led to the vast Rail-P, he had 16 lawmen and posse members. The towns-men on the posse had changed, not much in ability but in confidence. The day before they had held guns on cattlemen and seen them turn back. It would be rougher today, but their faith had grown in the calm lawmen they worked with.

The sheriff had agreed to Youngblood's idea that certain of the ranchers, such as Underwood, should be arrested instead of driven back, if the opportunity came. He had arranged for a strong storm cellar to keep any such prisoners in. He also agreed with the advice the judge had given: "At long range, go for their horses. A cowboy will ride anywhere, but he won't walk into much of anything."

Youngblood squatted on the ground among the others, staring at the broad expanse of prairie divided by the road.

A mile out he could see the tall proud gate of the Rail-P's main entrance. It was past noon when the riders came pouring through. The sheriff stood up and said, "On your feet, everybody! Don't take cover till they get a good look at us. I aim for them to know what they face."

Then when the attackers were still a half mile away, they charged, waving their guns and firing wildly. Their yells came faintly to the men on the road. Their shot sounded like toy guns popping.

"The fools!" the sheriff said. "They must think we'll run I sure never thought they'd make it this easy. Take what cover you can find, and hold your fire till they get in range."

Youngblood dashed to the other side of the road and flopped on his belly behind a wooden log-chunk ten inches thick. He was followed by four other men.

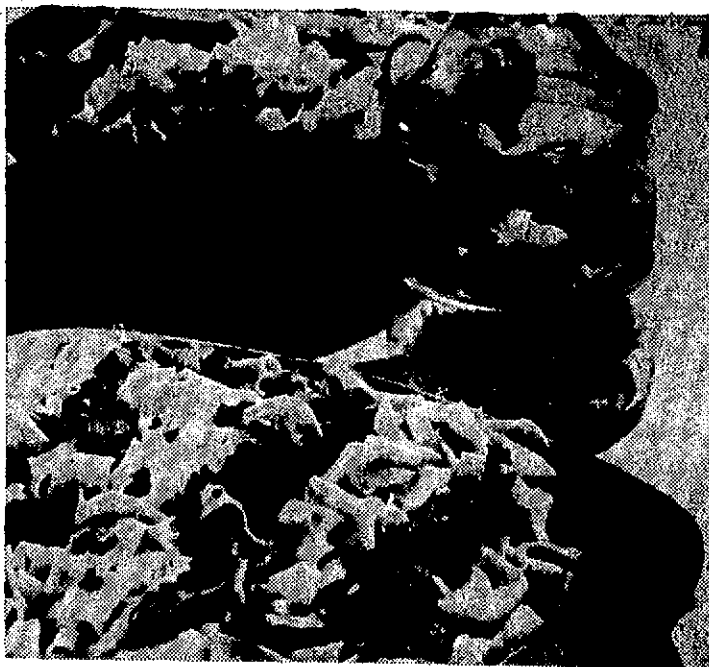

To Be Continued

### Carrying Out JFK's Orders

WASHINGTON (AP)—Searches and seizures by federal officers in Mississippi are carried out under President Kennedy's proclamation directing them to maintain law and order, says a Justice Department spokesman.

There has been no declaration of martial law, according to Jack Rosenthal, assistant information officer. "The people down there"—U.S. marshals and Army troops—"are carrying out an order to maintain law and order," he said. "If they are making searches, they can do so if they have suspicion of a crime, such as assaulting or interfering with federal officers."

## Tonight's Casserole With Pork

Soup and sandwiches, love and marriage, pork and noodles all go together to make a happy tune!

For the many varied appetites, light, medium and heavy, this pork and noodle casserole will come in mighty handy for fall and winter menu planning. Its secret is canned dry soup mix, especially cream of mushroom, which has the flavor qualities you want in a hearty dish like this.

Remember that this little can of miracles is a shelf saver, flavor plus and money saver, too. Our favorite dish of the week made with canned dry soup mix has gourmet look and touch with the hidden flavor of blue cheese. Do try this hip-pocket special tonight.

Beef Broth-on-the-Rocks  
Gourmet Pork 'n Noodle Casserole  
Tossed Green Salad  
Apple Pie with Cheese  
Coffee

**Gourmet Pork 'n Noodle Casserole**  
1 pound pork tenderloin, cut in thin strips  
1 tablespoon butter or margarine  
3 tablespoons chopped green pepper  
1 can (1 1/2 ounces) cream of mushroom dry soup mix  
2 cups milk  
1/4 cup water  
1/4 cup crumbled blue cheese  
2 cups cooked noodles  
Minced parsley

In skillet, brown pork in butter. Add green pepper; cover and cook over low heat for 20 minutes. Remove from heat; transfer meat to plate. Add soup mix to skillet; slowly stir in milk and water until smooth. Cook until slightly thickened, stirring. Blend in cheese; heat until melted. Add noodles and half of pork. Transfer to shallow baking dish (10x6x2). Arrange remaining pork on top. Bake at 350°F. for 30 minutes. Top with parsley. Makes 4 servings.

## Mrs. Schirra Happy About Takeoff

By BOB M. GASSAWAY

HOUSTON, Tex. (AP)—"It was a beautiful liftoff—I'm very glad everything went okay," Mrs. Walter M. Schirra Jr. said shortly after her husband went rocketing into orbit around the earth today.

Her brief comment was relayed to waiting newsmen by space agency official Roy Wallack, who told of watching the takeoff on television with the astronaut's family.

There were no audible sighs or other sign of tension, Wallack said. Except for a NASA security agent, he said only Mrs. Schirra, her son and daughter and her mother were keeping vigil at the Schirra home.

Mrs. Schirra wouldn't talk to reporters Tuesday about her husband's mission, but her young son said he was excited.

Newsmen who went to the home were asked to state their business via a speaker system. A voice from inside said:

"I am Mrs. Schirra's mother. Mrs. Schirra will not see anyone right now."

Newsmen asked if they could return. "Just a minute. I will see if she is awake," the voice said. "There was a brief wait."

Mrs. Schirra says she will not

## Patient May Have Encephalitis

PINE BLUFF, Ark. (AP)—A Pine Bluff physician has reported that one of his patients, a woman, may have encephalitis.

The doctor said that a more certain diagnosis cannot be made until tomorrow. He said, however, that early symptoms indicate the woman has encephalitis.

Two cases already had been reported in Jefferson County in the last five days.

Last Saturday, another doctor said that two of his patients, an unnamed father and son from the Watson Chapel area, were discovered to have encephalitis. Health Department officials in Pine Bluff began spraying the Watson Chapel area to kill mosquitoes after the first cases were reported.

The disease may be carried from birds to man by the insect.

have any comment until after her husband is recovered."

Mrs. Schirra's mother is Mrs. James L. Holloway.

Walter Marty Schirra III, 12, was more talkative.

"I'm real excited about it," the seventh-grader exclaimed. "The principal of Clear Creek Junior High School is going to let me stay home to watch. My mother, sister and grandmother will be there too."

His sister is Suzanne, 5.

Sales of timber from farm woodlands bring the nation's farmers \$187 million a year.

## Declares Red Power Can Bring War

WASHINGTON (AP)—Secretary of State Dean Rusk says Soviet Premier Khrushchev holds the power to "completely change the life of humanity" with a simple decision to live at peace in the world.

Rusk also says that the strength of the United States is pledged to the defense of the Western Hemisphere in the great world struggle now going on.

Rusk expressed these views at a dinner he gave Tuesday for Latin-American foreign ministers and other delegates attending the 20-nation inter-American conference here.

The guest list totaled about 180, including Secretary of Defense Robert S. McNamara and Foreign Aid Director Fowler Hamilton.

"The world about us," Rusk said, "is involved in a great historical struggle between, on the one hand, the great majority of the people that want to build a better world on the basis of the principles outlined in the United Nations charter of free peoples and individual nations cooperating among themselves for their mutual

## Negro Sentenced to 21 Years

PINE BLUFF, Ark. (AP)—Roy Jackson, 57, Negro, was sentenced to 21 years in prison by a Jefferson Circuit Court jury Tuesday for the murder of James Collier, 41, also a Negro, last May 28.

Jackson had been charged with first degree murder but the jury reduced the charge to second degree murder.

Jackson was charged with shooting Collier to death as Collier sat in a rocking chair on his front porch. Police said the shooting climaxed an argument between the two men.

Both men lived in Pine Bluff.

interest.

"On the other side are those who are seeking an entirely different world in which freedom has no place."

"Khrushchev speaks a great deal about revolution and yet he holds in his hands the most powerful revolutionary force that the history of mankind could comprehend, which is a simple decision to live at peace with the world. This simple decision could completely change the life of humanity."

The lifetime quota of water usage for the average American is 3,500,000 gallons.

## Disposed Leader May Be Hiding

ADEN (AP)—A crippled airplane flew out of Yemen today with a load of diplomats who reported that deposed Imam Ahmad Al-Badr may be alive and hiding out with hill tribes.

The new revolutionary army regime in Yemen said the Imam was killed in the shelling of his palace a week ago.

The diplomats reported that the revolutionary capital of Sana was tense and crowded with soldiers, but all foreign residents were believed unharmed in last Wednesday's uprising.

Aboard the Yemen plane which lost an engine flying across the mountains from Sana to Tizz and limped into Aden, were the American charge d'affaires, Robert Stookey; British Minister Christopher Gandy, West German Charge Norbert Monfort, Italian Minister Galiero Bernardelli, a Lebanese diplomat and 10 other passengers.

They were the first foreigners to fly out of the restless isolated nation since the revolt.

Wants Bill Vetted

WASHINGTON (AP)—Americans for Democratic Action urged President Kennedy today to veto the tax bill on the ground that it constitutes a "raid on the pocket-book of the ordinary taxpayer."

**HEARTY** bean dishes provide sturdy, filling and good-tasting snacks and meals for active teen-age student-athletes.

**POINTING TOWARD ORBIT**—Astronauts will recline on their backs in special form-fitting couches when the Gemini sits atop its launching booster. (Hatches would be closed.) In orbit, the capsule will be horizontal with its blunt end facing in the direction of flight. Plans call for 12 capsules to be built and the first to be launched sometime in 1964.

## Shopping for Meats More a Pleasure

By THE ASSOCIATED PRESS

Shoppers who shied away from beef and pork in recent weeks because of price rises may find meat shopping more of a pleasure this weekend.

Meat prices have turned down sharply in the Midwest and have generally declined elsewhere also. National wholesale meat prices also are lower.

Attractions in the Northeast include round roasts, boneless chuck roasts, rib steaks and chuck steaks.

In the Midwest, round and sirloin steaks are featured and stew meat is bargain-priced at many stores.

Other regional beef attractions include liver, loins and ground beef. Veal is featured in some places.

More attractive pork prices make good buys of loins, spare ribs, chops, hams and bacon. Lamb legs and chops are featured regionally.

There is a wide spectrum of poultry attractions including chicken fryers and broilers and cold storage turkey.

Eggs, after creeping upward, have retreated again.

Pumpkins, cranberries, broccoli and cauliflower are appearing in increasing number.

McIntosh apples are being joined now by Cortlands and other varieties, while Jonathans are moving into Southwestern markets.

Other attractions include cabbage, sweet potatoes, yams, carrots, squash, lettuce, potatoes, onions, and bean sprouts.

Fruits being highlighted, in addition to apples, include avocados, bananas, melons, pears and grapes.

**Thinks U.S. Has Gained Strength**

CHICAGO (AP)—Sen. John L. McClellan, D-Ark., told the National Hardware Lumber Association convention Tuesday night that the U.S. has gained military strength during the Kennedy administration, but lagged in foreign relations and international prestige.

He said the nation has made only slow and temporary progress toward revitalizing the economy. He cited the national debt as one of a number of factors in economic instability.

Those, he said, coupled with a growing belief in some quarters that government is too often antagonistic to business, are suppressing incentive, impairing in-

## Progress Is Made in Harvesting

LITTLE ROCK (AP)—Relatively favorable weather permitted considerable progress in harvesting cotton, rice and soybeans last week.

The Arkansas Agriculture Extension Service said it appears that about 18 to 20 per cent of the state's cotton crop was harvested by the end of the week although no estimates were received from 12 of the major cotton producing counties.

Cotton has not opened well enough for the best operation of mechanical pickers, according to the service, and there is too much foliage for good picking. Some growers are using desiccants to aid defoliation to combat that problem.

The service said a month of warm, sunny weather would help to improve cotton grades. Recent rains in some counties have caused lowering of grades.

About 45 to 50 per cent of the rice crop has been combined, according to the service, and high yields have been reported generally throughout the rice producing area of the state. The service said late rice is maturing but the moisture content is still too high for combining in most localities.

Only five per cent of the soybean crop has been harvested due to rains last week.

Some early beans did not fill well and are small due to the dry, hot weather in August. The service said, however, that later beans have made good recovery during the last month due to ample moisture and relatively cool weather.

Crop outlook, according to the service, is good in most counties but a long, warm fall season will be needed to permit late beans to develop and mature.

investor confidence and retarding industrial expansion.

Mark Townsend, president of the lumber association and president of Townsend Lumber Co., Stuttgart, Ark., urged the group to adjust to changes so they can be successful and the industry can move forward.

**Safeway Files Suit**

LITTLE ROCK (AP)—Safeway Stores, Inc., of Little Rock, a grocery chain, filed suit in U.S. District Court Tuesday asking that The Save-Way Food Market of Dumas be enjoined from using the name because of its similarity to Safeway's. Safeway recently succeeded in getting a Dermott store to drop the Save-way name.

## Congress Set to Complete This Session

WASHINGTON (AP)—Congress has wrestled its remaining major bills into position for a quick wrapup of the long-drawn-out 192 session.

Leaders voiced cautious optimism that final adjournment may come Friday night or Saturday at the latest.

A burst of action came Tuesday on four of the "big five" measures still to be sent to President Kennedy.

1. Senate passage 57 to 24 of a \$4,422,000,000 foreign aid bill carrying \$792,400,000 more than the House allowed. Conferees hope to meet on this Thursday.

2. House and Senate passage of the compromise tax revision bill, clearing it to the White House. Retained was the key provision sought by the President—a \$1 billion incentive to hushness to modernize plants.

3. Senate-House conference

agreement after one meeting on the bill raising the pay of 1.6 million federal government workers and boosting postal rates by \$605 million a year. The Senate may act on this today.

4. Conference agreement on the must bill to tighten federal controls over the drug industry. The Senate plans to pass it today.

The fifth top-priority bill, Kennedy's trade expansion measure, already has been agreed to in conference. The House and Senate are scheduled to complete action on it Thursday.

Besides foreign aid, four regular appropriations measures to run the government in fiscal 1963, which began July 1, still must get over their last hurdles.

### Smackover to Vote

SMACKOVER, Ark. (AP)—Smackover voters will be asked to approve a \$474,000 bond issue and a tax increase from 36 to 41 mills in the December school election. The bond money will be used to build a new field house and a six-room elementary school and to make general improvements to the school plant.

## Study May Relieve Peak Conditions

MARIANNA, Ark. (AP)—Results of an experiment conducted at Marianna may relieve crowded conditions during the peak cotton harvesting season.

In the experiment, seed cotton was stored for varying periods in 11 gin press packages for ginning during slack periods. Quality and value of the lint were not affected by storage of either wet or dry cotton.

The experiment was conducted at Mann's Gin by agriculture officials from the University of Arkansas.

### State Sets Record

LITTLE ROCK (AP)—The U.S. Brewers Foundation said Tuesday that Arkansas set a record for beer consumption last year, drinking 385,423 barrels or an average of .6 gallons a person. This was one tenth of one per cent higher than 1960 when consumption totaled 373,467 barrels.

## Austrian Envoy Is Selected

WASHINGTON (AP)—President Kennedy chose today James Williams Riddleberger, former head of the foreign economic aid program, as U.S. ambassador to Austria.

The White House also announced Kennedy's selection of Robert G. Miner, a foreign service officer, as first ambassador to newly independent Trinidad; and James Wine, now envoy to Luxembourg, as ambassador to the Republic of the Ivory Coast.

Riddleberger, 58, will replace Freeman Matthews, who resigned earlier this year.

### Bonds at Hamburg

HAMBURG, Ark. (AP)—Hamburg voters gave 336-0 approval Tuesday to a \$1.1 million bond issue to finance construction of a sawmill for T. A. Reynolds Jr., of El Dorado who has a 10-year contract to furnish Georgia Pacific Corp., with 22 million board feet of lumber annually. The mill will employ about 150 men.

**GOOD HUNTING**—Kansas has put into operation a new plan prior to the start of bird hunting season in November. Quail, which formerly were released for restocking at the age of seven weeks, are now being held until they have reached the age of 16-weeks. Gigi Clooney compares quail of both ages at a state quail hatchery near Pittsburg, Kan.

### Withdrawal Soon Is Hoped for

WASHINGTON (AP)—U.S. Gen. Robert F. Kennedy said today he hopes federal troops will soon be withdrawn from Mississippi but no time for such a move has been set.

He said latest reports indicate everything seems to be quiet in Oxford, Miss., where two persons were killed and scores injured Sunday night after James H. Meredith, a Negro, was admitted to the formerly all-white University of Mississippi.

### Liston Recognized in New York

NEW YORK (AP)—The New York Boxing Commission said today it recognizes Sonny Liston as world heavyweight champion but added that the new king "must earn the right" to fight in the state.

The commission made no move from the federal Bureau of Standards to change its stand on granting a license.

A license was denied Liston April 27, 1962. A spokesman said the Philadelphia heavyweight, who has served a prison term and been connected with underworld elements, had made no application for a license in New York.

### Fire Destroys Pine Bluff Mill

PINE BLUFF, Ark. (AP)—Fire damaged the seed storage house of the Pine Bluff Cotton Oil Mill Tuesday night.

Fire Chief Joe Edwards said the fire could have been started by a spark from an electric motor used to move a conveyor system.

The plant, division of the Armour Co. of Chicago, operates 24 hours a day. No one was injured.

Hoyle Martin, manager of the mill, said damage would run into the thousands of dollars but that an exact figure would not be known for several days.

Over 1,000 tons of cotton seed were stored in the building and about 200 tons was destroyed. The fire burned in an hour. Water poured into the seed house by Frank Sadler, superintendent of the mill, said that if the seed is damaged soon it can be saved.

### Scale Accuracy Is Checked

LITTLE ROCK (AP)—A team from the federal Bureau of Standards has made a spot check of the accuracy of scales and measuring devices in Arkansas and the state may be set for introduction of a weights and standards act in the 193 Legislature.

Marcus Halbrook, director of the Legislative Council, said the check was made at the council's request. A report is being prepared.

TEMPTING molded cheese cake is glorified with a delicious topping of fresh cranberries in this gala dessert.

In addition to checking scales, Halbrook said, the team weighed prepackaged goods such as milk, bread, etc., to determine that weights were as indicated.

A similar check six years ago revealed the public was being short-weighted in many instances, Halbrook said. Since then the legislature has studied several weights and standards bills but none was passed.

Rep. Paul Van Dalsen of Perry County has pushed for a weights and standards law for many years.

Seven out of 10 Americans in 1960 were living in the state in which they were born.

### Walker Tells Decision for Action

(Editors' Note — Former Maj. Gen. Edwin A. Walker, a key figure in weekend battling over admission of a Negro to the University of Mississippi, was eating dinner Sunday night when he says he was told there was a "scene of considerable disturbance" on the university campus. He went there. Here is the story of Van Savell, 21, Associated Press newsman, who was on the scene and saw what happened).

By VAN SAVELL

OXFORD, Miss. (AP)—Utilizing my youth to the fullest extent, I dressed as any college student would and easily milled among several thousand rioters on the University of Mississippi campus Sunday night.

This allowed me to follow the crowd — a few students and many outsiders — as they charged federal marshals surrounding the century-old lyceum building. It also brought me into direct contact with former Army Maj. Gen. Edwin A. Walker, who is now under arrest on charges of inciting insurrection and seditious conspiracy.

Walker first appeared in the riot area at 8:45 p.m. Sunday near the university avenue entrance about 300 yards from the Ole Miss administration building. The crowd welcomed Walker, and one unidentified man queried him as he approached the group. "General, will you lead us to the steps?"

I observed Walker as he loosened his tie and shirt and nodded "yes" without speaking. He then conferred with a group of about 15 persons who appeared to be the riot leaders.

The crowd took full advantage of nearby construction work. They broke new bricks into several pieces, took survey sticks and broken soft drink bottles.

Walker assumed command of the crowd, which I estimated at 1,000, but was delayed for several minutes when a neatly dressed, portly man of about 45 approached the group. He conferred with Walker for several minutes and then joined a group near the front.

Two men took Walker by the arms and they headed for the Lyceum and the federal marshals.

This march toward tear gas and some 200 marshals was more effective than the previous attempts. Although Walker was unarmed, members of the crowd said this was the moral support they needed.

We were met with a heavy barrage of tear gas about 75 yards from the Lyceum steps and went a few feet further when we had to turn back.

Before doing so, many of the rioters hurled their weapons — the bricks, the bottles, rocks and wooden stakes — toward the clustered marshals.

We fled the tear gas and the charging marshals — the crowd racing back to a Confederate soldier's statue near the grove entrance below the Lyceum.

I went to a telephone. A few minutes later I returned and found Walker talking with several students. Shortly thereafter, Walker climbed halfway up the Confederate monument and addressed the crowd.

I heard Walker say that Gov. Ross Barnett had betrayed the people of Mississippi.

"But don't let up now," he said. "You may lose this battle but you will have been heard."

He continued: "This is a dangerous situation. You must be prepared for possible death. If you are not, go home now."

There were cheers. It was apparent that Walker had complete command over the group.

By this time, it was nearly 11 p.m. and I raced to the telephone again. Upon my return, Walker was calmly explaining the "New Frontier" government to several bystanders. He remained away from the rioting throughout the next few hours, but advised on several tactics.

One Ole Miss student queried the former general, "What can we use to make the tear gas bombs ineffective? Do you know of any way that we can attack and do some damage to those damn marshals?"

Walker suggested the use of sand doors.

### Catholics on Verge of Expansion

EDITOR'S NOTE— Will Rome's tight grip on the ecclesiastical affairs of the world be relaxed in the Vatican Council sessions beginning next week? There are some indications that it will be. Here is the second article of three on the meeting, by an Associated Press writer who will attend.

By GEORGE CORNELL

Associated Press Religion Writer

NEW YORK (AP)— The circle of authority in the Roman Catholic Church has alternately widened or narrowed through the centuries.

Today, it appears on the verge of a potential historic expansion. Although its center is Rome, see of the chief apostle Peter, it also includes the far-spread ecclesiastical heritage of the other apostles, and those perpetuating it around the world.

It is their inclusion within the circumference of supreme church government that is highlighted by the 2nd Vatican Council, starting Oct. 11 in Rome, which may widen church authority.

Such action would help bridge the main chasm between Roman Catholicism and other branches of Christianity which dispute Rome's full jurisdiction.

"The extent to which power is centralized in the Church is capable of change from one age to another," says Auxiliary Bishop Thomas Riley, of Boston. "It is quite possible that, in our own day, the tendency toward centralization may be reversed."

This would not mean diminishing the primacy of the Pope, but it would involve fuller specific recognition that his authority is shared by the whole Church leadership.

The very fact of Pope John XXIII's calling of the council implies as much.

The council is the first since another Vatican Council 92 years ago, which defined the doctrine of papal infallibility on matters of faith and morals.

The fixing of that dogma in 1870 culminated a trend toward Church centralization. It began with the Council of Trent in 1545-1563, called to counter the breakups caused by the Protestant Reformation.

The 1869-70 Vatican Council, notes Richard Cardinal Cushing of Boston, defined "the position and powers of the supreme pontiff." The 2nd Vatican Council must now do the same thing in delineating with new insight the position and authority of the bishops.

There also are possibilities that laymen may be accorded more influence in Church affairs. A return to the early Christian system of electing bishops has been suggested, with choices subject to papal approval.

Friday: Growing union among Christians.

### Pulaski Seeks Port Authority

NORTH LITTLE ROCK (AP)—North Little Rock Mayor W. F. Laman called today for immediate steps to create a countywide port authority for Pulaski County.

He said Little Rock, North Little Rock and the county should "move now, not wait until the river is opened and then start scratching."

He said first the cities and the county should determine whether special legislation is needed. If it is, it should be drafted now for submission to the 1963 legislature in January.

Little Rock has had a port authority since 1960 but last week a joint statement by Little Rock Mayor Werner Knoop, County Judge Arch Campbell and Laman advocated a county authority.

Army Engineers expect the Arkansas River to be navigable by 1963.

to snuff out the tear gas.

"This stuff works real well, but where can you get it?" he asked.

At this time the rioters were using a university fire truck and five portable fire extinguishers in an attempt to make the tear gas bombs ineffective.

I left Walker and walked about 100 yards away where Molotov cocktails — gasoline in bottles with a fuse — were being made.

Again I left the area for a telephone. As I walked toward a dormitory with George Bartsch of the Little Rock Associated Press bureau, we were attacked by marshals who mistook us for students.

We were deluged by tear gas, man-handled, handcuffed and beaten with clubs during a 200-yard walk back to the Lyceum building.

Thanks to recognition from Chief Marshal James P. McShane, we were quickly released and given freedom in the marshals' headquarters.

Within minutes rifle and shotgun fire erupted from the rioting crowd and two men — one a French newsman — were killed. We considered ourselves lucky to have been arrested and glad to be behind closed, heavily guarded doors.

## Asks Probe of All Events in Mississippi

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — Sen. James O. Eastland, Democrat and segregationist from Mississippi, plans something much less than a full investigation of the riots at the University of Mississippi.

He has announced the Senate Judiciary Committee, of which he is chairman, will look into "all events" at Ole Miss "since the U.S. marshals and Army troops moved in."

But he already is convinced he knows the cause of the riots. He and Mississippi's Gov. Ross R. Barnett blame them on the Kennedy administration and U.S. marshals.

But a thorough investigation would cover two other questions: 1. Why and how other Southern states have avoided bloodshed by beginning to comply with the Supreme Court order of eight years ago to end segregation in public schools.

2. And what led up to the Ole Miss riots which were an act of defiance against a U.S. court order for James H. Meredith, 29-year-old Negro, to be enrolled at the school.

The original defiance came from Barnett who said, "We shall never surrender" and personally blocked the court order by refusing to let Meredith into the school.

Thus the governor's defiance was an encouragement to the whole state of Mississippi, including the students at Ole Miss, to resist an order of a U.S. court.

The product of this defiance was rioting deaths, many injuries and the spectacle of American race-hate which Mississippians dangled before a shocked world.

Barnett's performance is incredible from any reasonable standpoint.

He could not help but know—unless he thought he could bluff President Kennedy into doing nothing—that there could only be one result: the President would have to back up the court with force, if necessary.

If Mississippi could defy the government on such a profound social decision as that of the Supreme Court on public school education, then any state at any time could do the same on any other court decision.

The result would not be an American government but an American jungle. Since the people of the nation as a whole organized their government to prevent just such anarchy, then no state could defy the court and get away with it.

The alternative to silent submission to a Supreme Court decision is appeal to all the states through Congress where Southern Democrats, although in a minority, are a powerful force.

But Congress has done nothing to change the court decision on school desegregation since it was handed down in 1954.

Thus the kind of investigation Eastland announced would not touch the main issue at all: why Mississippi took it on itself to defy the government and why it thought it could get away with it, if it did.

Except now for Ole Miss, no

West Coast Out for Steel Markets

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — The West Coast is out today for more of the nation's steel market, long dominated by the East, as well as for the baseball crown.

And in the case of steel the East-West contest is spiced by, perhaps even sparked by foreign competition. On the Pacific Coast its growing import totals of Japanese steel. On the Atlantic Coast it's European steel.

The intersectional battle, and also the international one, hinges on prices. The fast growing Far Western states traditionally have had to pay higher prices for steel for manufacturing or building, raising production and expansion costs there over those in the East.

Steel made in California has carried a higher list price. And steel from the East has had the added shipping charges.

Now Kaiser Steel in California is cutting its prices an average of \$12 a ton to bring them closer to list prices in the East—and to those on Japanese imports.

Some Eastern steel makers are lowering their prices to stay competitive in the rich Western market. Others say they can't, because prices are as low as they can make them and keep out of the red. But a number may absorb freight costs or trim various extra charges, even if their list price is unchanged.

This is the second time this year that steel industry policies west of the nation's historical steel capital in the Ohio-Pennsylvania and East Coast section have challenged the big Eastern companies.

When Eastern steel makers raised the price of steel in April, it was the failure of Inland Steel in the Chicago area and Kaiser in California to go along that broke the solid front that President Kennedy had challenged. The price hike was rescinded.

This time, too, the industry is divided on price policies. Most companies, even the Westerners, contend prices are too low for healthy profit margins.

But Kaiser apparently feels that competition is the more pressing problem. It says lower prices in the West will keep the boom there growing. And with lower prices it can sell more steel farther to the east of its present market limits.

Steelmen also point out that the West Coast industry has been hit harder by imports than the mills in the East perhaps because the higher domestic prices there were easier for foreigners to undercut.

But nationwide steel's problems go beyond foreign competition. Higher operating costs, without higher prices, have cut profits—and led some Eastern companies to trim their dividends. The costs of modernizing their plants to compete with the postwar mills of Europe and Japan are hard to finance with profits already squeezed.

Crossett School to Get New Funds

CROSSETT, Ark. (AP) — The Crossett Co. Foundation announced today that it would donate most of its remaining funds to the Crossett School District for construction of a new gymnasium.

The exact amount of the grant was not announced but Peter Watzek, president of the foundation, estimated that it would be about \$200,000.

The foundation was formed in 1958 by stockholders of the Crossett Co. wood products firm. Since then it has made numerous grants to educational, religious and civic organizations.

The Crossett Co. was sold earlier this year to the Georgia-Pacific Co., a national wood products firm, and the foundation is giving away the last of its funds. Watzek said the grant for the gym almost exhausts the funds.

Bohlen Sworn in as French Envoy

WASHINGTON (AP) — Charles E. Bohlen, President Kennedy's new envoy to France, was sworn in today in an unusual private ceremony at the State Department.

Secretary of State Dean Rusk administered the oath in his private office shortly after 9 a.m., with only Bohlen's wife and an officer of the protocol section present.

Such ceremonies traditionally are held in the State Department reception room in the presence of reporters, photographers, and a crowd of foreign service officers—their number depending on the new envoy's popularity.

Officials said that Bohlen requested privacy and Rusk complied with his wish. There were no speeches at the private ceremony.

school in Mississippi, Alabama or South Carolina has been desegregated after eight years. The entire Alabama congressional delegation gave its support to the Mississippians to proceed with its defiance.

After what happened at Ole Miss, Alabama and South Carolina, by this time, probably have come to the realization they can't defy the court either.

## Plane Turns Back, No Reason Given

NEW YORK (AP)—An airliner flying Cuban President Osvaldo Dorticos here for the United Nations meeting turned back for Havana today, police said at Idlewild Airport.

The reason for the reversal was not learned.

Not a single steam locomotive has been built for American railroads since 1953.

## Grid Game Decision to Be Made

OXFORD, Miss. (AP)—A decision on whether to stage the Houston-Mississippi football game on the University of Mississippi campus will be made within the next 24 hours, a Justice Department official said today.

There have been reports the game might be cancelled because of the unrest on the campus caused by the enrollment of a Negro student.

"We hope the football game can be held here," said Edwin O. Guthman, a special justice assistant. "We realize how important this weekend is to the college and to the alumni. On the other hand, we don't want any more riots or violence."

James P. McShane, chief U.S. marshal, said today he was worried about a normally gay occasion—the University of Mississippi's homecoming.

McShane, who directs the tight guard that keeps Negro James H. Meredith lonely but secure, said renewed violence is possible—even probable—for Saturday's football game here.

Upwards of 30,000 were expected on the campus for the game between Mississippi, seventh-ranked in the nation, and undefeated Houston, Tex.

Seattle was founded in 1851.

SAFEGWAY GUARANTEE:

Each and every item purchased at Safeway must completely satisfy you in every way or your money will be cheerfully refunded without the return of a thing. We can make this statement because we here at Safeway know that our Brands, (and all other brands as well) are made to rigid quality standards which assure you of top quality products every time you shop. And remember, too, that "SAFEGWAY" is your BEST place to save!
